Back to Basics *Skyhorse Publishing Inc.*

A lavishly illustrated revision of a top-selling primer invites readers to develop healthier, more environmentally friendly, and self-sufficient living skills that are less reliant on technology, in a resource that shares step-by-step instructions for such capabilities as raising chickens, making cheese, and building a log cabin.

Back to Basics *Skyhorse*

The classic guide to self-sufficiency, with more than 200,000 copies sold—now fully updated! Anyone who wants to learn basic living skills—the kind employed by our forefathers—and adapt them for a better life in the twenty-first century need look no

further than this eminently useful, full-color guide. Countless readers have turned to Back to Basics for inspiration and instruction, escaping to an era before power saws and fast-food restaurants and rediscovering the pleasures and challenges of a healthier, greener, and more self-sufficient lifestyle. Now newly updated, the hundreds of projects, step-by-step sequences, photographs, charts, and illustrations in Back to Basics will help you dye your own wool with plant pigments, graft trees, raise chickens, craft a hutch table with hand tools, and make treats such as blueberry peach jam and cheddar cheese. The truly ambitious will find instructions on how to build a log cabin or an adobe brick homestead. More than just practical advice, this is also a book for dreamers—even if you live in a city apartment, you will find your imagination sparked, and there's no reason why you can't, for example, make a loom and weave a rag rug. Complete with tips for old-fashioned fun (square dancing calls, homemade toys, and kayaking tips), this may be the most thorough book on voluntary simplicity available.

Back to Basics *Readers Digest*

Uses the latest methods to teach crafts and old-fashioned domestic skills and contains projects ranging from planting a kitchen garden to building a hot tub

Back to Basics *Faith With Works Publishing Company*

Back To Basics *Xlibris Corporation*

As a registered nurse for the last 28 years, my primary clinical expertise has been working in the pre-hospital environment as a

flight nurse and a paramedic, as well as continuing to work in a variety of clinical areas which include the emergency department, pediatrics and endoscopy. My extensive clinical background has also given me the opportunity to work as a legal nurse consultant with one of the largest law firms in Arizona. As an EMS educator and program director of paramedic training programs for the last 20 years and most recently as the National Clinical Educator for one of the largest air medical transport companies, I truly enjoy teaching in a simple manner as to assure that students do have a strong basic understanding in making critical care decisions and that they will be providing the highest quality of patient care beginning from the least to the most invasive management of care for the patients they are transporting. My goal as a professional and as an EMS educator has always been and will continue to encourage students to have the desire to learn and grow in their profession, as well as contribute to EMS in a way that inspires positive change. A growing number of people recognize their need for a reliable guide for their life's journey. *Essentials for Life* fills that need by helping readers get back to the basics of what matters most with a fresh perspective on four core essentials of the Christian life: What do I believe? How do I grow closer to God? What should my character and life reflect? How do I live my life every day? *Essentials for Life* offers fifty daily or weekly readings that each include a key life-guide principle, scripture and quotes, meditation, an interesting fact, and a unique application suggestion. Each discussion offers hope and a sense of peace and well-being by focusing on life with an eternal perspective. The content offers spiritual truth while the interior graphic design, which includes sidebars and visuals, enhances the readability and the impact of each core essential.

Investing 101 *Simon and Schuster*

This hands-on lesson in investing keeps you engaged as you learn how to build a portfolio and expand your savings.

Cataloging and Classification *Routledge*

The cataloging and classification field is changing rapidly. New concepts and models, such as linked data, identity management, the IFLA Library Reference Model, and the latest revision of Resource Description and Access (RDA), have the potential to change how libraries provide access to their collections. To prepare library and information science (LIS) students to be successful cataloging practitioners in this changing landscape,

they need a solid understanding of fundamental cataloging concepts, standards, and practices: their history, where they stand currently, and possibilities for the future. The chapters in *Cataloging and Classification: Back to Basics* are meant to complement textbooks and lectures so students can go deeper into specific topics. New and well-seasoned library practitioners will also benefit from reading these chapters as a way to refresh or fill gaps in their knowledge of cataloging and classification. The chapters in this book were originally published as a special issue of the journal, *Cataloging & Classification Quarterly*.

Literacy R.I.C. Publications

You're too damn important to be eating garbage, so TK has made it easy to take care of #1: you. No needless nonsense or preachy bullsh*t. Just delicious, healthy, homemade food for all the full-time hustlers out there. "Thug Kitchen backs up its bluster with good, solid recipes."--New York Times "Funny, self-aware, and full of delicious-looking recipes that I want to make right this second." --Epicurious.com "F*cking delicious."--Popsugar.com

Back to the Basics

As believers, our desire is to follow the Lord more closely and to understand His Word for maximum impact in our lives. Occasionally, however, we find ourselves not even knowing the right questions to ask or the best way to approach Scripture in search of answers. "Back to the Basics: A Guide for Christian Living" is not a lofty theological work, nor is it an academic commentary. Instead, using simple language, Joe Quatrone, Jr. addresses intriguing questions; such as: * Why must there be consequences to actions? * What are the benefits of waiting for God's will and how would I even know what that is? * How can I stand strong in my faith against society's ungodly pressures? * How does my relationship from the past affect my relationship with God now? * Is there a secret to contentment? * How can I be

secure in my salvation? * What happens when I die? "Back to the Basics: A Guide for Christian Living" is a great down to earth guide to basic Christian principles. Each concept is explained clearly without a lot of confusing doctrine and theology. If you are unsure of every part of your faith, a new Christian, want your faith shaken up, or have questions and no answers, then try this book. It will help bring Scripture to life, make sense of the hard questions, and enhance your understanding of the way life was meant to be lived.

The Illustrated Encyclopedia of Country Living *Simon and Schuster*

Packed with step-by-step instructions, useful tips, time-honored wisdom, and both illustrations and photographs, this might just be the most comprehensive guide to back to basics living ever published. Fans of Back to Basics, Homesteading, and Self-Sufficiency have been asking for a one-stop resource for all the subjects covered in that successful series. In response, Gehring has compiled a massive, beautifully presented, single volume that covers canning and preserving, keeping chickens, fermenting, soap-making, how to generate your own energy, how to build a log cabin, natural medicine, cheese-making, maple sugaring, farm mechanics, and much, much more. Agile Values and Principles for a New Generation "In the journey to all things Agile, Uncle Bob has been there, done that, and has the both the t-shirt and the scars to show for it. This delightful book is part history, part personal stories, and all wisdom. If you want to understand what Agile is and how it came to be, this is the book for you." –Grady Booch "Bob's frustration colors every sentence of Clean Agile, but it's a justified frustration. What is in the world of Agile development is nothing compared to what could be. This book is Bob's perspective on what to focus on to get to that 'what could be.' And he's been there, so it's worth listening." –Kent Beck "It's good to read Uncle Bob's take on Agile. Whether just beginning, or a seasoned Agilista, you would do well to read this book. I agree with almost all of it. It's just some of the parts make me realize my own shortcomings, dammit. It made me double-check our code coverage (85.09%)."

–Jon Kern Nearly twenty years after the Agile Manifesto was first presented, the legendary Robert C. Martin ("Uncle Bob") reintroduces Agile values and principles for a new generation—programmers and nonprogrammers alike. Martin, author of Clean Code and other highly influential software development guides, was there at Agile's founding. Now, in Clean Agile: Back to Basics, he strips away misunderstandings and distractions that over the years have made it harder to use Agile than was originally intended. Martin describes what Agile is in no uncertain terms: a small discipline that helps small teams manage small projects . . . with huge implications because every big project is comprised of many small projects. Drawing on his fifty years' experience with projects of every conceivable type, he shows how Agile can help you bring true professionalism to software development. Get back to the basics—what Agile is, was, and should always be Understand the origins, and proper practice, of SCRUM Master essential business-facing Agile practices, from small releases and acceptance tests to whole-team communication Explore Agile team members' relationships with each other, and with their product Rediscover indispensable Agile technical practices: TDD, refactoring, simple design, and pair programming Understand the central roles values and craftsmanship play in your Agile team's success If you want Agile's true benefits, there are no shortcuts: You need to do Agile right. Clean Agile: Back to Basics will show you how, whether you're a developer, tester, manager, project manager, or customer. Register your book for convenient access to downloads, updates, and/or corrections as they become available. See inside book for details.

Retirement *Susan Kersley*

If you want basic information about how retirement will affect you, this book is for you!. It covers the challenges of retirement, the decisions you need to make and the new routines to adopt as you enter the new stage in your life. Written by Susan Kersley who has retired twice: from being a doctor and then a life coach. She is the author of self help books for doctors and others.

Back to Basics Discipline

"The book's premise is that it's time to get back to the basics in raising children and teaching old-fashioned values, such as responsibility, respect, self-control, honesty, and compassion. Offers a no-nonsense approach to discipline that is firm but loving and results in well-mannered children."

Power Health - Back to Basics *AuthorHouse*

There is an answer to the questions being asked today about the youth of our day. Knowing that the Word of God is the only power that can change the human heart, heal the mind, body and soul, give hope, courage, faith and eternal life. I said yes to God when challenged by God to be used of Him to bless the youth, and others. Christian education is primarily the function of the home. Deuteronomy Chapter six delineates the responsibility to parents. T .C.C.H. Ministry Curriculum is a tool, one of the many ways to assist parents in their awesome responsibility of nurturing their children in the reverential fear and admonition of the Lord. The curriculum is designed to encourage one to seek for answers from the Holy Word of God.

Back to Basics**Back-to-School Rules** *Carolrhoda Books ®*

School's in session! When it comes to surviving school, Percy's at the head of the class. If you can follow his ten simple rules, making the grade will be a piece of cake (and school will be a lot of fun). But there's more to school than showing up on time and staying awake in class. If you have any doubts, Percy also shows exactly what not to do. • No spitballs! • No running in the halls! • No bouncing off the ceiling! • No crazy scheming! See what other trouble—and tips—Percy has in mind!

How to be a Gardener *Random House*

How to be a Gardener Book One, available at long last in paperback, is the fastest-selling gardening book of all time with sales in excess of 600,000 copies. In How to be a Gardener Book One, Alan Titchmarsh draws on his knowledge and passion for gardening, and his many years of experience, to give you a comprehensive guide that explores every aspect of your garden and how it works. In this, the first of two volumes, Alan starts with the basics that every gardener needs to know. He includes information on how plants work and what they need to survive, as well as advice on where to begin if you're a first-time gardener. Released to coincide with How to be a Gardener Revisited, a reversioned series of HTBAG 1 & 2 featuring new footage with Alan Titchmarsh in January 2005. In setting out the basic gardening principles and explaining the hows and whys, Alan gives the novice confidence and increases the skills and understanding of more experienced gardeners, too.
