But then he discovers that Josef also predicted the time of his grandson's birth to the minute, as well as his exact height and weight, and the fact that Jimmy would be born with syndactyly—the unexplained anomaly of fused digits—on his left foot. Suddenly the old man's predictions take on a chilling significance. What terrifying events await Jimmy on these five dark days? What nightmares will he face? What challenges must he survive? The first is to occur in his twentieth year; the second in his twenty-third year; the third in his twenty-eighth; the fourth in his twenty-ninth; the fifth in his thirtieth. Rudy is all too ready to discount his father's last words as a dying man's delusional rambling. But then he discovers that Josef also predicted the time of his grandson's birth to the minute, as well

as his "exact height and weight, and the fact that Jimmy would be born with syndactyly--the unexplained anomaly of fused digits--on his left foot. Suddenly the old man's predictions take on a chilling significance. What terrifying events await Jimmy on these five dark days? What nightmares will he face? What challenges must he survive? As the novel unfolds, picking up Jimmy's story at each of these crisis points, the path he must follow will defy every expectation. And with each crisis he faces, he will move closer to a fate he could never have imagined. For who Jimmy Tock is and what he must accomplish on the five days when his world turns is a

mystery as dangerous as it is wondrous--a struggle against an evil so dark and pervasive, only the most extraordinary of human spirits can shine through. "From the Hardcover edition.

Their sense of isolation is complete when first TV and radio, then the

internet and phone lines go dead. Molly and Neil gather with neighbours, sensing an awful danger approaching with the night...It's like a scary movie made real. But what is really happening? Is it science gone wrong or a technology beyond human understanding? Or something deeper, more fundamental. Something to do with fate and purpose. Something that won't have a Hollywood ending.

Ticktock

A Novel *Bantam*

Tommy Phan is a 30-year-old Vietnamese-American detective and novelist living in Southern California, and a chaser of the American Dream. He drives home his brand-new Corvette one day to discover a strange doll on his doorstep. It's a rag doll made entirely of white cloth, with no face or hair or clothes. Where the eyes should be, there are two crossed stitches of black thread. Five sets of crossed black stitches mark the mouth, and another pair form an X over the heart. He

brings it into the house. That night, he hears an odd little popping sound and looks up to see the crossed stitches over the doll's heart breaking apart. When he picks up the doll, he feels something pulsing in its chest. Another thread unravels to reveal a reptilian green eye -- and not a doll's eye, because it blinks. Tommy Phan pursues the thing as it scrambles away into his house -- and then is pursued by it as it evolves from a terrifying and vicious minikin into a hulking and formidable opponent bent on killing him. **BONUS:** This edition contains an excerpt from Dean Koontz's *The City*.

Praise for *The Whispering Room*
"Koontz has never exactly shied away from complex characters or situations. And this situation gets very complex indeed, as Jane pursues the people behind the conspiracy with the kind of single-minded

relentlessness that makes the book absolutely spellbinding. As good as *The Silent Corner* was, this one's even better. . . . Koontz is on another roll with a new series that boasts a juicy premise and a compelling star. . . .
