Introduction to American Deaf Culture *Oxford University Press*

Introduction to American Deaf Culture provides a fresh perspective on what it

means to be Deaf in contemporary hearing society. The book offers an overview of Deaf art, literature, history, and humor, and touches on political, social and cultural themes.

Asl-to-english Interpretation

Say It Like They Mean It *Createspace Independent Publishing Platform*

The focus of *ASL to English: Say it Like They Mean It*, is not about how we, the interpreters, think the English interpretation should be presented, but rather, how would an English speaking consumer with no understanding of Deaf Culture best understand the voiced message. The task of producing an

appropriate interpretation from ASL to English is often noted as being the more difficult of the two interpreting tasks. With only two years in most interpreter education programs, students may not have a full comprehension of what is expected in ASL to English interpretation. This book looks at difficulties and issues that can arise as interpreters work between ASL and English, with exercises at the end of every chapter. *ASL to English Interpretation: Say It Like They Mean It* will not only give students currently studying interpreting an opportunity to learn how to interpret from ASL to English, but will also give students the opportunity to discuss

and work on the task of the English interpretation with their teacher and fellow students. This book is identical to ISBN 0-916883-38-8, it is just perfect-bound instead of spiral-bound, which required a new ISBN.

Consecutive Interpreting from English *Dawn Sign Press*

The Deaf Community in America

History in the Making *McFarland*

The deaf community in the West has endured radical changes in the past centuries. This work of history tracks the changes both in the education of and the social world of deaf people through the years. Topics include

attitudes toward the deaf in Europe and America and the evolution of communication and language. Of particular interest is the way in which deafness has been increasingly humanized, rather than medicalized or pathologized, as it was in the past. Successful contributions to the deaf and non-deaf world by deaf individuals are also highlighted. Instructors considering this book for use in a course may request an examination copy here.

The Gallaudet Dictionary of American Sign Language *Gallaudet University Press*

Created by an unparalleled board of experts led by renowned ASL linguist

and poet Clayton Valli, The Gallaudet Dictionary of American Sign Language contains over 3,000 illustrations. Each sign illustration, including depictions of fingerspelling when appropriate, incorporates a complete list of English synonyms. A full, alphabetized English index enables users to cross-reference words and signs throughout the entire volume. The comprehensive introduction lays the groundwork for learning ASL by explaining in plain language the workings of ASL syntax and structure. It also offers examples of idioms and describes the antecedents of ASL, its place in the Deaf community, and its meaning in Deaf

culture. This extraordinary reference also provides a special section on ASL classifiers and their use. Readers will find complete descriptions of the various classifiers and examples of how to use these integral facets of ASL. The Gallaudet Dictionary of American Sign Language is an outstanding ASL reference for all instructors, students, and users of ASL. *Please note that this paperback edition does not include the DVD found in the hardcover edition.

Signing Naturally
