The sovereignty of God is indeed asserted in strong language. ‘God causes whatever happens, and that is an adequate explanation for everything’ (p. 49). Yet this scriptural stand is obscured by the author’s fondness for esoteric terminology and schematic formalism, in which not only the personal mode of human existence but the sub-human behavioural biotic and physical modes are ascribed to God.

Thomas Hobbes believes that sovereignty is a general natural law that human beings get to know of through the exercise of reason. Hobbes bases his political theories on a pseudo-historical explanation of how states came into existence. He argues that the idea of sovereignty is fundamental to the formation of any particular state or authority.
