The influence of narrative medicine on medical students ...

Rita Charon, a clinician, literary theorist and educator, is a pioneer of narrative medicine approaches. Charon defines narrative medicine as ‘medicine practiced with the narrative competence to recognise, absorb, interpret, and be moved by the stories of illness’. Of her early experiences of learning to recognise the importance of narrative knowledge in everyday medical practice, Charon writes,

Narrative Medicine — Case Stories

The effective practice of medicine requires narrative competence, that is, the ability to acknowledge, absorb, interpret, and act on the stories and plights of others. Medicine practiced with narrative competence, called narrative medicine, is proposed as a model for humane and effective medical practice. Adopting methods such as close reading of literature and reflective writing allows narrative medicine to examine and illuminate 4 of medicine's central narrative situations: physician and ...
