Primary Child Care A Manual

Primary Child Care: A manual for health workers has been written for health workers who provide primary care of infants and children, either during home visits or at health facilities with limited resources, and usually with little opportunity to refer children for further help. This revised edition of the manual is the result of an international effort coordinated by the Department of Child and Adolescent Health and Development.

WHO | Primary Child Care: A manual for health workers

The system of primary child care presented in this manual is termed a microplan. After adaptation it is intended to form the basis of a nationally planned system of appropriate technology for primary child care. This manual may be useful by itself but it is likely to be considerably more useful now that it is integrated with a number of other components most of which are in a companion volume ...
