The slice of life category of story is a story that portrays a "cut-out" sequence of events in a character's life. It may or may not contain any plot progress and little character development, and often has no exposition, conflict, or dénouement, with an open ending. It usually tries to depict the everyday life of ordinary people, sometimes but rarely, with fantasy or science fiction elements involved.

In theatrical parlance, the term slice of life refers to a naturalistic representation of real life, sometimes used as an adjective, as in "a play with 'slice of life' dialogues". The term originated between 1890 and 1895 as a calque from the French phrase tranche de vie, credited to the French playwright Jean Jullien (1854–1919).
