A practical guide to thiopurine treatment Prior to commencing thiopurines, patients should be screened to help prevent opportunistic infections as per European guidelines (see table 1). In addition, the pneumococcal vaccination is given before starting treatment and the influenza vaccine annually. 25 Patients are advised that while on treatment they should not have 'live' vaccines.

A practical guide to thiopurine prescribing and monitoring ...

Drugs can be dosed by multiple routes of administration and their inherent physicochemical and pharmacokinetic properties can affect their distribution within the body. Often the simplified initial assumption is made that the compound concentration at a target is equivalent to the free plasma concentration (Section 3.1). However, this may not always be the case and one needs to consider the localization of target expression and the distribution of the compound within those tissue(s) in which ...
