### Be Obsessed or Be Average Penguin

From the millionaire entrepreneur and New York Times bestselling author of The 10X Rule comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is to seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to: · Set crazy goals—and reach them, every single day. · Feed the beast: when you value money and spend it on the right things, you get more of it. · Shut down the doubters—and use your haters as fuel. Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs though your obsessions. It's a simple choice: be obsessed or be average.

Nothing to Lose, Everything to Gain

**How I Went from Gang Member to Multimillionaire Entrepreneur** *Penguin*  
Like many entrepreneurs, Ryan Blair had no formal business education. But he had great survival instincts, tenacity, and, above all, a "nothing to lose" mindset. His middle-class childhood ended abruptly when his abusive father succumbed to drug addiction and abandoned the family. Blair and his mother moved to a rough neighborhood, and soon he was in and out of juvenile detention, joining a gang just to survive. Then his mother fell in love with a successful entrepreneur who took Ryan under his wing. With his mentor's guidance, Blair started his first company, 24/7 Tech, at age twenty-one. He has since created and sold several companies for hundreds of millions of dollars. This is an inspirational guide full of powerful stories and lessons and a road map for entrepreneurial success.

Rock Bottom to Rock Star

**Lessons from the Business School of Hard Knocks** *Penguin*  
Can you remember that one time you got recognized or someone thanked you for your contribution to their life? You were a rock star, even for just one second. This book isn't about a charmed path to success or some untouchable fairy tale that nobody can relate to-this is about going from rock bottom to rock star, something that everybody can relate to. In his first book, Blair shared the brutally honest story of how he went from an at-risk youth, sleeping on a mattress on the floor of a shack, to a self-made multimillionaire by his early twenties. As his story became a national sensation, fans started asking him how they too could become entrepreneurs, take their careers to the next level, and achieve financial freedom. Rock Bottom to Rock Star answers those questions. Blair has battled extreme obstacles: life as a former gang member, balancing a demanding career with single parenthood, building and selling multiple companies, and making and losing tens of

millions of dollars (sometimes all in one day). He wants to help others avoid the mistakes he made in the school of hard knocks, so he has compiled his unique advice for going from rock bottom to rock star in whatever field you chose to pursue. Much of his advice is counterintuitive, and definitely not what you would learn in business school. Here's one example: "Don't believe your own hype. The moment you start celebrating, you've left the stage. It wasn't celebration that made you a rock star. It was hard work." If you're serious about making the most of your life and you're ready to become the "rock star next door" instead of just looking up to them, this may be the most rewarding book you'll ever read.

Irresistible

The Rise of Addictive Technology and the Business of Keeping Us Hooked Penguin

"Irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times." —Malcolm Gladwell, author of New York Times bestsellers David and Goliath and Outliers "One of the most mesmerizing and important books I've read in quite some time. Alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses, our families, and our sanity." —Adam Grant, New York Times bestselling author of Originals and Give and Take Welcome to the age of behavioral addiction—an age in which half of the American population is addicted to at least one behavior. We obsess over our emails, Instagram likes, and Facebook feeds; we binge on TV episodes and YouTube videos; we work longer hours each year; and we spend an average of three hours each day using our smartphones. Half of us would rather suffer a broken bone than a broken phone, and Millennial kids spend so much time in front of screens that they struggle to interact with real, live humans. In this revolutionary book, Adam Alter, a professor of psychology and marketing at NYU, tracks the rise of behavioral addiction, and explains why so many of today's products are irresistible. Though these miraculous products melt the miles that separate people across the globe, their extraordinary and sometimes damaging magnetism is no accident. The companies that design these products tweak them over time until they become almost impossible to resist. By reverse engineering behavioral addiction, Alter explains how we can harness addictive products for the good—to improve how we communicate with each other, spend and save our money, and set boundaries between work and play—and how we can mitigate their most damaging effects on our well-being, and the health and happiness of our children. Adam Alter's previous book, Drunk Tank Pink: And Other Unexpected Forces that Shape How We Think, Feel, and Behave is available in paperback from Penguin.

A different way of discovering and developing the best business ideas Jack Welch once said, "Someone, somewhere has a better idea." In this myth-busting book, the authors reveal that great business ideas do not spring from innate creativity, or necessarily from the brilliant minds of people. Rather, great ideas come to those who are in the habit of looking for great ideas all around them, all the time. Too often, people fall into the trap of thinking that the only worthwhile idea is a thoroughly original one. Idea Hunters know better. They understand that valuable ideas are already out there, waiting to be found - and not just in the usual places. Shows how to expand your capacity to find and develop winning business ideas Explains why ideas are a critical asset for every manager and professional, not just for those who do "creative" Reveals how to seek out and select the ideas that best serve your purposes and goals and define who you are, as a professional Offers practical tips on how to master the everyday habits of an Idea Hunter, which include cultivating great conversations The book is filled with illustrative accounts of successful Idea Hunters and stories from thriving "idea" companies. Warren Buffet, Walt Disney, Thomas Edison, Mary Kay Ash, Twitter, and Pixar Animation Studios are among the many profiled.

Business for Punks

Break All the Rules--the BrewDog Way Penguin

Forget about building a business—businesses fail and fade into oblivion. Start a revolution instead. James Watt started a rebellion against tasteless mass market beers by founding BrewDog, now one of the world’s best-known and fastest growing craft breweries, famous for beers, bars, and crowdfunding. In this smart, funny book, he shares his story and explains how you too can tear up the rule book and start a company on your own terms. It’s an anarchic, DIY guide to entrepreneurship—and a new manifesto for business. After spending seven years on the high seas of the North Atlantic, James Watt started BrewDog craft brewery in Scotland with his best friend, Martin Dickie. They didn’t have a business plan. All they had was a mission to revolutionize beer drinking and make other people as passionate about craft beer as they are. They’ve succeeded. Within a few years, BrewDog was huge—a world-famous craft brewery with beer bars around the globe and hundreds of thousands of fans. Those fans became literal backers of their business with the introduction of an unprecedented crowdfunding movement, Equity for Punks. And in rewriting the record books and kickstarting a revolution—James and BrewDog inadvertently forged a whole new approach to business. Business for Punks bottles the essence of James’s methods in an accessible, honest manifesto. Among his mantras: · Cash is motherf\*cking king. Cash is the lifeblood of your company. Monitor every penny as if your life depends on it—because it does. · Get people to hate you. You won’t win by trying to make everyone happy, so don’t bother. Let haters fuel your fire while you focus on your hard-core fans. · Steal and bastardize from other fields. Take inspiration freely wherever you find it— except from people in your own industry. · Job interviews suck. They never reveal if someone will be a good employee, only how good that person is at interviews. Instead, take them for a test drive and see if they’re passionate and a good culture fit. Business for Punks rethinks conventional business wisdom so you can go beyond the norm. It’s an anarchic, indispensable guide to thriving on your own terms.

Fear Less

How to Win at Life Without Losing Yourself Random House

'Pippa Grange has something to teach all of us when it comes to letting go of perfectionism and anxiety, and living with open hearts rather than clenched fists. Fear Less is a total game-changer.'

Brené Brown If we were truly free from fear, what could we achieve? We strive for success, but we are rarely happy. The more we try to win - putting on a brave face for work or family - the more we risk losing ourselves. And even reaching our goals can feel strangely hollow. The culprit? Fear. It makes us anxious, or shameful, or turns us into perfectionists. We pretend to be someone else while aiming for a status that's never truly satisfying. There is another way. A way to find our true voice, to win on our own terms. Building that open mindset is at the heart of this mould-breaking book by

Dr Pippa Grange, the psychologist who helped transform the England team, taking them all the way to the World Cup semi-finals in 2018. In Fear Less, Pippa Grange shows all of us how, by starting to live with less fear, we can find our real passions and deeper fulfilment. Her simple manifesto enables us to replace stress with courage, and connect with the people around us on a far deeper level. This type of success isn't about trophies or beating others, it's about winning at the very deepest level: winning from within. It's time to fear less.
