Darkhouse (Experiment
in Terror #1) There's
always been something
a bit off about Perry
Palomino. Though
she's been dealing with
a quarter-life crisis and
post-college syndrome
like any other
twentysomething,
she's still not what you
would call "ordinary."
For one thing, there's

her past which she likes to pretend never happened, and then there's the fact that she sees ghosts.

**TERROR - Author
Karina Halle**

Darkhouse is the first novel in the eight book Experiment in Terror Series. As the series contains gore, scary situations, plenty of cursing, and (eventually) scenes of a sexual nature, the books are not recommended for sensitive individuals nor readers under 16. It is a mature young adult or "new adult" series that gets progressively mature as the books tumble along to their conclusion.
