The Challenges and Considerations of International Business Because nation-states have unique government systems, laws and regulations, taxes, duties, currencies, cultures, practices, etc. international business is decidedly more complex than business that operates exclusively in domestic markets.

What is International Business

The rise of globalisation posits a number of important challenges to a business seeking international presence.

Numerous strategic aspects must be

taken into account prior to commitment at an international level, and afterwards. Constant flexibility is required to adapt to changing patterns at local, regional and international levels.
