These collections are often created by sector professionals or lovers and give a listing of must-read recaps for different categories. You can find them on blog sites, podcasts, and even social networks groups.

With these ideas, you can discover the appropriate Confessions Of An Economic Hitman book summaries for your passions and choices. Pleased reading!

Confessions of an Economic Hit Man Berrett-Koehler Publishers

Perkins, a former chief economist at a Boston strategic-consulting firm, confesses he was an "economic hit man" for 10 years, helping U.S. intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U.S. foreign policy and awarding lucrative contracts to American business.

The New Confessions of an Economic Hit Man Berrett-Koehler Publishers

Shocking Bestseller: The original version of this astonishing tell-all book spent 73 weeks on the New York Times bestseller list, has sold more than 1.25 million copies, and has been translated into 32 languages. New Revelations: Featuring 15 explosive new chapters, this expanded edition of Perkins's classic bestseller brings the story of economic hit men (EHMs) up to date and, chillingly, home to the US. Over 40 percent of the book is new, including chapters identifying today's EHMs and a detailed chronology extensively documenting EHM activity since the first edition was published in 2004. Former economic hit man John Perkins shares new details about the ways he and others cheated countries around the globe out of trillions of dollars. Then he reveals how the deadly

EHM cancer he helped create has spread far more widely and deeply than ever in the US and everywhere else—to become the dominant system of business, government, and society today. Finally, he gives an insider view of what we each can do to change it. Economic hit men are the shock troops of what Perkins calls the corporatocracy, a vast network of corporations, banks, colluding governments, and the rich and powerful people tied to them. If the EHMs can't maintain the corrupt status quo through nonviolent coercion, the jackal assassins swoop in. The heart of this book is a completely new section, over 100 pages long, that exposes the fact that all the EHM and jackal tools—false economics, false promises, threats, bribes, extortion, debt, deception, coups, assassinations, unbridled military power—are used around the world today exponentially more than during the era Perkins exposed over a decade ago. The material in this new section ranges from the Seychelles, Honduras, Ecuador, and Libya to Turkey, Western Europe, Vietnam, China, and, in perhaps the most unexpected and sinister development, the United States, where the new EHMs—bankers, lobbyists, corporate executives, and others—“con governments and the public into submitting to policies that make the rich richer and the poor poorer.” But as dark as the story gets, this reformed EHM also provides hope. Perkins offers a detailed list of specific actions each of us can take to transform what he calls a failing Death Economy into a Life Economy that provides sustainable abundance for all.

Confessions of an Economic Hit Man *Berrett-Koehler Publishers*

"Economic hit men," John Perkins writes, "are highly paid professionals who cheat countries around the globe out of trillions of dollars. Their tools include fraudulent financial reports, rigged elections, payoffs, extortion, sex, and murder." John Perkins should know—he was an economic hit man. His job was to convince countries that are strategically important to the U.S.—from Indonesia to Panama—to accept enormous loans for infrastructure development, and to make sure that the lucrative projects were contracted to U. S. corporations. Saddled with huge debts, these countries came under the control of the United States government, World Bank and other U.S.-dominated aid agencies that acted like loan sharks—dictating repayment terms and bullying foreign governments into submission. This New York Times bestseller exposes international intrigue, corruption, and little-known government and corporate activities that have dire consequences for American democracy and the world. It is a compelling story that also offers hope and a vision for realizing the American dream of a just and compassionate world that will bring us greater security.

Confessions of an Economic Hit Man

Easyread Comfort Edition *Readhowyouwant*

Economic hit men (EHMs) are highly paid professionals who cheat countries around the globe out of trillions of dollars. They funnel money from the World Bank, the U.S. Agency for International Development (USAID), and other foreign "aid" organizations into the coffers of huge corporations and the pockets of a few wealthy families who control the planet's natural resources. Their tools include fraudulent financial reports, rigged elections, payoffs, extortion, sex, and murder. They play a game as old as empire, but one that has taken on new and terrifying dimensions during this time

of globalization.

Confessions of an Economic Hit Man *Berrett-Koehler Pub*

A former consultant to the U.S. government reveals the inner workings of the high-stakes economic game that encourages third world economies to borrow money so that major corporations like Halliburton end up getting the lucrative contracts.

The Secret History of the American Empire

Economic Hit Men, Jackals, and the Truth about Global Corruption *Penguin*

Presents an expose of international corruption activities as reported by some of the world's top assassins, journalists, and activists, in a cautionary report that makes recommendations for safeguarding the world.

A Game As Old As Empire

The Secret World of Economic Hit Men and the Web of Global Corruption: Easyread Edition *ReadHowYouWant.com*

Hoodwinked

An Economic Hit Man Reveals Why the Global Economy Imploded-And How to Fix It *Crown Business*

Takes aim at the current global economic crisis and attempts to clear a path out of the rubble by providing a plan for remaking the economic markets.

Building a Win-win World

Life Beyond Global Economic Warfare *Berrett-Koehler Publishers*

A distinguished economist and futurist examines the terrible impact of the current global economic system on international communities and the planet, and calls for a spread of international democracy and the need to forge new global agreements to form community-based societies. \$40,000 ad/promo. IP.

Psychonavigation

Techniques for Travel Beyond Time *Simon and Schuster*

After 'Hit Man' The New York Times bestseller Confessions of an Economic Hit Man documents John Perkins' extraordinary career as a globe-trotting economic hit man. Perkins' insider's view leads him to crisis of conscience--to the realization that he must devote himself to work which will foster a world-wide awareness of the sanctity of indigenous peoples, their cultures, and their environments.

Perkins' books demonstrate how the age-old shamanic techniques of some of the world's most primitive peoples have sparked a revolution in modern concepts about healing, the subconscious, and the powers each of us has to alter individual and communal reality. This groundbreaking book is John Perkins's firsthand account of his experiences with the shamanic technique of psychonavigation--a method of traveling outside the body by means of visions and dream wanderings--and his encounters with the Shuar of the Amazon, the Quechua of the Andes, and the Bugis of Indonesia. Shuar shamans psychonavigate for the purposes of hunting and healing, while the Bugis, among the most renowned sailors of the world, use these techniques to navigate without the aid of charts and compasses. Perkins explains how these techniques work and how the people of these indigenous cultures psychonavigate to both distant physical destinations and sources of inner wisdom. Throughout history, psychonavigation has been practiced by highly creative minds such as Beethoven, Jung, and Einstein. Perkins's riveting narrative takes us on a journey of personal discovery as he learns the great value of these techniques and their relevance not only to individual well-being, but to the health of the environment and of the world at large. He reveals how by attuning to the positive forces in nature and communicating with our inner guides we all can become psychonavigators, finding our way to wise decisions and developing innovative approaches to the challenges we face as individuals and a world community.

Confessions of the Pricing Man

How Price Affects Everything *Springer*

The world's foremost expert on pricing strategy shows how this mysterious process works and how to maximize value through pricing to company and customer. In all walks of life, we constantly make decisions about whether something is worth our money or our time, or try to convince others to part with their money or their time. Price is the place where value and money meet. From the global release of the latest electronic gadget to the bewildering gyrations of oil futures to markdowns at the bargain store, price is the most powerful and pervasive economic force in our day-to-day lives and one of the least understood. The recipe for successful pricing often sounds like an exotic cocktail, with equal parts psychology, economics, strategy, tools and incentives stirred up together, usually with just enough math to sour the taste. That leads managers to water down the drink with hunches and rules of thumb, or leave out the parts with which they don't feel comfortable. While this makes for a sweeter drink, it often lacks the punch to have an impact on the customer or on the business. It doesn't have to be that way, though, as Hermann Simon illustrates through dozens of stories collected over four decades in the trenches and behind the scenes. A world-renowned speaker on pricing and a trusted advisor to Fortune 500 executives, Simon's lifelong journey has taken him from rural farmers' markets, to a distinguished academic career, to a long second career as an entrepreneur and management consultant to companies large and small throughout the world. Along the way, he has learned from Nobel Prize winners and leading management gurus, and helped countless managers and executives use pricing as a way to create new markets, grow their businesses and gain a sustained competitive advantage. He also learned some tough personal lessons about value, how people perceive it, and how people profit from it. In this engaging and

practical narrative, Simon leaves nothing out of the pricing cocktail, but still makes it go down smoothly and leaves you wanting to learn more and do more—as a consumer or as a business person. You will never look at pricing the same way again.

Warren Buffett Speaks

Wit and Wisdom from the World's Greatest Investor *John Wiley & Sons*

When Warren Buffett Speaks. . . people listen. "If people want to improve their investing skills, it has to help to study how the Master does it. This short book outlines Buffett's philosophy and techniques." —Peter S. Lynch, Fidelity Investments "Common sense with a deft irony . . ." —John C. Bogle, founder of The Vanguard Group and author, *The Little Book of Common Sense Investing* "It was Warren Buffett's thoughts and philosophy that first captivated investors. Janet Lowe has done us all a great service by collecting and arranging Warren Buffett's wit and wisdom in an easy-to-read and enjoyable book." —Robert G. Hagstrom, Portfolio Manager, Legg Mason Growth Trust mutual fund, and author, *The Warren Buffett Way*, Second Edition "A must-read. Buffett's wit and wisdom is a roadmap for anyone looking to succeed in business, investing, and life." —Steve Halpern, Editor, www.thestockadvisors.com

The New Great Depression

Winners and Losers in a Post-Pandemic World *Penguin*

A Wall Street Journal and National Bestseller! The man who predicted the worst economic crisis in US history shows you how to survive it. The current crisis is not like 2008 or even 1929. The New Depression that has emerged from the COVID pandemic is the worst economic crisis in U.S. history. Most fired employees will remain redundant. Bankruptcies will be common, and banks will buckle under the weight of bad debts. Deflation, debt, and demography will wreck any chance of recovery, and social disorder will follow closely on the heels of market chaos. The happy talk from Wall Street and the White House is an illusion. The worst is yet to come. But for knowledgeable investors, all hope is not lost. In *The New Great Depression*, James Rickards, New York Times bestselling author of *Aftermath* and *The New Case for Gold*, pulls back the curtain to reveal the true risks to our financial system and what savvy investors can do to survive -- even prosper -- during a time of unrivaled turbulence. Drawing on historical case studies, monetary theory, and behind-the-scenes access to the halls of power, Rickards shines a clarifying light on the events taking place, so investors understand what's really happening and what they can do about it. A must-read for any fans of Rickards and for investors everywhere who want to understand how to preserve their wealth during the worst economic crisis in US history.

The Great Greene Heist *Scholastic Inc.*

Saving the school -- one con at a time. "A political heist page-turner set in middle school? Is that even possible? Varian Johnson shows us how it's done." - Gordon Korman, author of *SWINDLE* "Do yourself a favor and start reading immediately." - Rebecca Stead, author of *WHEN YOU REACH ME*

Jackson Greene swears he's given up scheming. Then school bully Keith Sinclair announces he's running for Student Council president, against Jackson's former friend Gaby de la Cruz. Gaby wants Jackson to stay out of it -- but he knows Keith has "connections" to the principal, which could win him the presidency no matter the vote count. So Jackson assembles a crack team: Hashemi Larijani, tech genius. Victor Cho, bankroll. Megan Feldman, science goddess. Charlie de la Cruz, reporter. Together they devise a plan that will take down Keith, win Gaby's respect, and make sure the election is done right. If they can pull it off, it will be remembered as the school's greatest con ever -- one worthy of the name THE GREAT GREENE HEIST. *The lively (and racially diverse) cast of characters and the intricate plot will make this a story to read again for the sheer fun of it all"- Horn Book, starred review

House of Bush, House of Saud

The Secret Relationship Between the World's Two Most Powerful Dynasties *Simon and Schuster*

Newsbreaking and controversial -- an award-winning investigative journalist uncovers the thirty-year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy, business, and national security. House of Bush, House of Saud begins with a politically explosive question: How is it that two days after 9/11, when U.S. air traffic was tightly restricted, 140 Saudis, many immediate kin to Osama Bin Laden, were permitted to leave the country without being questioned by U.S. intelligence? The answer lies in a hidden relationship that began in the 1970s, when the oil-rich House of Saud began courting American politicians in a bid for military protection, influence, and investment opportunity. With the Bush family, the Saudis hit a gusher -- direct access to presidents Reagan, George H.W. Bush, and George W. Bush. To trace the amazing weave of Saud-Bush connections, Unger interviewed three former directors of the CIA, top Saudi and Israeli intelligence officials, and more than one hundred other sources. His access to major players is unparalleled and often exclusive -- including executives at the Carlyle Group, the giant investment firm where the House of Bush and the House of Saud each has a major stake. Like Bob Woodward's *The Veil*, Unger's *House of Bush, House of Saud* features unprecedented reportage; like Michael Moore's *Dude, Where's My Country?* Unger's book offers a political counter-narrative to official explanations; this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer, and sets 9/11, the two Gulf Wars, and the ongoing Middle East crisis in a new context: What really happened when America's most powerful political family became seduced by its Saudi counterparts?

Spirit of the Shuar

Wisdom from the Last Unconquered People of the Amazon *Simon and Schuster*

- Discover the thoughts, history, and customs of the Shuar of the Amazon, as told in their own words.
- Tribe members explain their practices of shapeshifting and headhunting; the interdependence of humans and the environment; the role of ecstatic sex; their belief in war as a

path to peace; and their faith in arutam, the life spirit. The indomitable Shuar of the Amazon--reputed to be the only tribe in the Americas that has never been conquered--have lived as warriors, hunters, cultivators, and healers for generations. Even in today's acquisitive, often wasteful world they defend their rainforests and sustainable ways of life and offer their philosophy of love, joy, and hope. More than three decades after first befriending members of the Shuar, author and environmentalist John Perkins and his publisher, Ehud Sperling, inspired Shakaim Mariano Chumpi--a young Shuar warrior who has fought in the jungle war between his native Ecuador and Peru--to travel among his people and record their thoughts, history, and customs. The result is *Spirit of the Shuar*. Here, in their own words, the Shuar share their practices of shapeshifting, "dreaming the world," and ecstatic sex, including the role older women play in teaching uninitiated men how to please. They explain the interdependence of humans and the environment, their formula for peace and balance, and their faith in arutam, the life-giving spirit of nature that allows each of us to transform ourselves. And they describe how their ancient-and current-practice of shrinking heads fits into their cultural philosophy. Whether exploring the mystery of shamanic shapeshifting, delving deeper into the powers of healing herbs and psychotropic plants, or finding new ways to live sustainably and sensitively in the face of encroaching development and environmental destruction, the Shuar have emerged as a strong people determined to preserve their identity and beliefs and share their teachings with a world in dire need of their wisdom. A portion of the proceeds from the sale of this book will be donated to the Ayumpum Foundation to help the Shuar conserve their forests and spread their message.

Guide to Essential Math

A Review for Physics, Chemistry and Engineering Students *Newnes*

This book reminds students in junior, senior and graduate level courses in physics, chemistry and engineering of the math they may have forgotten (or learned imperfectly) that is needed to succeed in science courses. The focus is on math actually used in physics, chemistry, and engineering, and the approach to mathematics begins with 12 examples of increasing complexity, designed to hone the student's ability to think in mathematical terms and to apply quantitative methods to scientific problems. Detailed illustrations and links to reference material online help further comprehension. The second edition features new problems and illustrations and features expanded chapters on matrix algebra and differential equations. Use of proven pedagogical techniques developed during the author's 40 years of teaching experience. New practice problems and exercises to enhance comprehension. Coverage of fairly advanced topics, including vector and matrix algebra, partial differential equations, special functions and complex variables.

Moxie

A Novel *Roaring Brook Press*

Now a Netflix Original Film directed by Amy Poehler! "Moxie is sweet, funny, and fierce. Read this and then join the fight."—Amy Poehler An unlikely teenager starts a feminist revolution at a small-

town Texas high school in this novel from Jennifer Mathieu, author of *The Truth About Alice*. **MOXIE GIRLS FIGHT BACK!** Vivian Carter is fed up. Fed up with an administration at her high school that thinks the football team can do no wrong. Fed up with sexist dress codes, hallway harassment, and gross comments from guys during class. But most of all, Viv Carter is fed up with always following the rules. Viv's mom was a tough-as-nails, punk rock Riot Grrrl in the '90s, and now Viv takes a page from her mother's past and creates a feminist zine that she distributes anonymously to her classmates. She's just blowing off steam, but other girls respond. As Viv forges friendships with other young women across the divides of cliques and popularity rankings, she realizes that what she has started is nothing short of a girl revolution. *Moxie* is a book about high school life that will make you wanna riot! Also by Jennifer Mathieu: *The Truth About Alice*: A powerful look at slut-shaming, told through the perspectives of four small-town teens, about how everyone has a motive to bring—and keep—a teen girl down. *Devoted*: A girl with a controlling, conservative family realizes that her life is her own—if only she can find the courage to fight for it. *Afterward*: A tragic kidnapping leads to an unlikely friendship in this novel about finding light in the midst of darkness. Praise for *Moxie*: “With a story that’s equal parts heart and instruction manual, Mathieu has captured the movement of a generation—warts and all—and shone a light forward for the next one.” —E. K. Johnston, #1 New York Times Bestselling author of *Exit Pursued By a Bear* “Vivian Carter and *Moxie* are strong and smart and so, so inspiring. She is my new hero and this is my new favorite book. I’m proud to be a *Moxie* girl.” —Jennifer Niven, New York Times bestselling author of *All the Bright Places* and *Holding Up the Universe* “From its soul-deep girl friendships to its swoony love story to its smart, gutsy heroine, *Moxie* is a ferocious joy. I could feel my heart—and my courage—getting bigger every time I turned the page.” —Katie Cotugno, New York Times bestselling author of *99 Days* and *How to Love* “*Moxie* is an anthem, a how-to guide, and that best friend who says, ‘You matter, too!’” —Sherri L. Smith, author of *Pasadena* and *Flygirl* “Like the addictive riff of a punk rock song, *Moxie* will pull you in, inspire you, and kick you back out into the world with a burning desire to change it. Read this. Now.” —Jenny Torres Sanchez, author of *Because of the Sun* “An invaluable revelation.” —Booklist, starred review “This novel is full of wit, insight, and *moxie*. . . . Highly recommended for all teens, but especially those who would enjoy realistic coming-of-age fiction with female empowerment.” —School Library Journal, starred review “Satisfying and moving.” —Publishers Weekly

Capitalism's Achilles Heel

Dirty Money and How to Renew the Free-Market System *John Wiley & Sons*

For over forty years in more than sixty countries, Raymond Baker has witnessed the free-market system operating illicitly and corruptly, with devastating consequences. In *Capitalism's Achilles Heel*, Baker takes readers on a fascinating journey through the global free-market system and reveals how dirty money, poverty, and inequality are inextricably intertwined. Readers will discover how small illicit transactions lead to massive illegalities and how staggering global income disparities are worsened by the illegalities that permeate international capitalism. Drawing on his experiences, Baker shows how Western banks and businesses use secret transactions and ignore laws while

handling some \$1 trillion in illicit proceeds each year. He also illustrates how businesspeople, criminals, and kleptocrats perfect the same techniques to shift funds and how these tactics negatively affect individuals, institutions, and countries.

ECOREnaissance

A Lifestyle Guide for Cocreating a Stylish, Sexy, and Sustainable World *Simon and Schuster*

ECOREnaissance provides inspiring tips and tricks for how to live and shop in harmony with nature without sacrificing style or luxury, and how best to benefit from the current renaissance—a global rebirth of sustainable economics, progressive ethics, and green culture—through the wisdom of eco-entrepreneurs, green fashion designers, organic food purveyors, and innovative leaders of this new movement. Gone are the days of boxy hemp shirts and gritty granola—cutting-edge innovation has made ecology as stylish and sexy as red carpet fashion, and everyday people are leading the charge with the choices they make in grocery stores, car lots, at work, in schools, and in their homes. In *ECOREnaissance*, renowned visionary Marci Zaroff provides a comprehensive guide to help you embrace sustainable living as both a celebration of style and a necessary strategy for maintaining our everyday comforts despite increasingly limited resources. From global warming to drought, genetically modified foods to harmful chemicals in our beauty products, for too long commerce has ignored the health of our planet and our bodies. But now a new age is dawning: one that is uplifting, gorgeous, and accessible. With roundtable discussions from inspiring leaders of the green movement, *ECOREnaissance* offers you eye-opening and groundbreaking resources to transform your life through supporting companies making significant, practical ecological change. By shining a light on leaders of sustainability throughout the world, Zaroff will transform your understanding of eco-minded products and open new possibilities for you to make a positive impact. Equipped with these tools, you will find new, empowering ways to make “green” elegant in your life, prioritizing current global needs without sacrificing comfort.

Every Body Looking *Penguin*

A Finalist for the National Book Award When Ada leaves home for her freshman year at a Historically Black College, it's the first time she's ever been so far from her family—and the first time that she's been able to make her own choices and to seek her place in this new world. As she stumbles deeper into the world of dance and explores her sexuality, she also begins to wrestle with her past—her mother's struggle with addiction, her Nigerian father's attempts to make a home for her. Ultimately, Ada discovers she needs to brush off the destiny others have chosen for her and claim full ownership of her body and her future. “Candice Iloh's beautifully crafted narrative about family, belonging, sexuality, and telling our deepest truths in order to be whole is at once immensely readable and ultimately healing.” —Jacqueline Woodson, New York Times Bestselling Author of *Brown Girl Dreaming* “An essential and emotionally gripping and masterfully written and compulsively readable addition to the coming-of-age canon.” —Nic Stone, New York Times Bestselling Author of *Dear Martin* “This is a story about the sometimes toxic and heavy expectations set on the backs of first-generation children, the pressures woven into the family dynamic, culturally and socially. About childhood

secrets with sharp teeth. And ultimately, about a liberation that taunts every young person." -Jason Reynolds, New York Times Bestselling Author of Long Way Down

The Secret History of the American Empire

The Truth About Economic Hit Men, Jackals, and How to Change the World *Penguin*

From the author of the "New York Times" bestseller "Confessions of an Economic Hit Man" comes an exposé of international corruption. Perkins suggests how Americans can work to create a more peaceful and stable world for future generations.

Red Alert

How China's Growing Prosperity Threatens the American Way of Life *Business Plus*

"I would caution readers to dismiss Stephen Leeb's warnings only at their peril." -Thomas Kaplan, chairman, Tigris Financial Group The American Dream is close to being replaced by a living nightmare: Key commodities that are essential to our daily lives and that are widely believed to be abundant are running critically short. Even worse, the Chinese are doing what they can to monopolize the world's dwindling resources. The U.S. is now largely dependent on our greatest economic rival for rare earth elements as well as a host of other minerals—all of which are absolutely essential to the development of alternative energies and are critically important for our defense industry, computers, cell phones, and other electronic devices. While America has been fighting wars in Iraq and Afghanistan, China has focused its substantial muscle on securing vital commodities from these and other lands to upgrade its infrastructure and industrial strength to meet the resource challenge head-on. China has wrapped itself in the green flag of combating climate change while systematically discouraging other nations from adopting similar policies in a bid to gain time to achieve its plans. RED ALERT is a provocative and frightening look at the growing political, economic, and social power of China and the threat that nation poses to the Western world. It lays out how the Chinese are strategizing to overtake the United States as the world's premier economic power—and details how our failure to respond quickly will result in a permanently lower standard of living for Americans. Peppered with startling statistics, charts, and evidence of how China continues to expand its economic reach, RED ALERT is both controversial and powerful in its scope.

Talkability

Discover the secrets of effective conversation *Pearson UK*

A new book from James Borg – on what to say and how to say it – so you can get more from the way you talk. All the day-to-day conversations that you have in your private and working life result in a particular outcome. How many times do you come away from a situation and think you could have handled it better? The realization that you should have used different words or said things in a different tone which might have produced a more positive result or avoided friction. How often have you felt frustrated at your inability to state your case and to explain your thoughts well enough for

the other person to grasp your point? Make no mistake – talk is our most precious commodity. Human interaction and face to face communication came long before social media websites, e-mail and texting. Yet more and more people have lost the art of conversing effectively and successfully as the 'screen' replaces conversation. Talkability provides tried and tested suggestions to help you get your points across and make things happen.

Is It Tomorrow Yet?

Paradoxes of the Pandemic *Penguin UK*

A FINANCIAL TIMES BOOK OF THE YEAR One of our most scintillating public intellectuals explores the political paradoxes of the pandemic and helps us think our way through it 'We are able to imagine anything because we are being besieged by something that was considered unimaginable...' Beneath the panic and bluster, beneath the confusing speeches and the conflicting advice, the Coronavirus pandemic acted, changing our world in the most profound ways. The tragic human cost and the economic devastation will be assessed and calculated for decades to come. But the pandemic also changed things in ways that are less easily expressed and understood. It has made bare the frayed contradictions of modern life. It has distorted things that seemed simple and settled. It has affirmed plain, uncomfortable truths. In this brilliant, thought-provoking essay, Ivan Krastev, one of our most interesting thinkers today, explores the pandemic's immediate consequences and conceives of its long-term legacy. Will things be different for the communities most harmed, and for those who escaped the worst? Where are we now with the US and China, with the UK and Europe? And how do we think our way through the unthinkable?

With Justice for All

A Strategy for Community Development *Baker Books*

"I am persuaded that the Church, as the steward of this gospel, holds the key to justice in our society. Either justice will come through us or it will not come at all." John Perkins's optimistic view of justice becoming a reality starts and ends with the Church. With Justice for All is Perkins's invitation to live out the gospel in a way that brings good news to the poor and liberty to the oppressed. This invitation is extended to every racial and ethnic group to be reconciled to one another, to work together to make our land all God wants it to be. And it is a blueprint—a practical strategy for the work of biblical justice in our time. In an age of changing demographics where the need to break the cycle of poverty is staring many of us in the face, Perkins offers hope through practical ministry principles that work. This outstanding resource includes reflection questions for personal or group study as well as interactive sessions for groups to participate in activities together.

Beyond Globalization

Shaping a Sustainable Global Economy *UADY*

Hazel Henderson offers a critique of globalization which is creating a bubble economy at the cost of

real, more local enterprises and livelihoods. She argues for the use of systems thinking and a more holistic approach as a way of breaking out of the narrow prism of GDP and market pricing that dominates conventional economic thinking. She sets out a panoramic vision of the changes required to reshape the global economy towards social justice and sustainability at every level from the global to the local and personal.

Getting To Know The General *Random House*

'In August 1981 my bag was packed for my fifth visit to Panama when the news came to me over the telephone of the death of General Omar Torrijos Herrera, my friend and host. . . At that moment the idea came to me to write a short personal memoir. . . of a man I had grown to love over those five years' GETTING TO KNOW THE GENERAL is Graham Greene's account of a five-year personal involvement with Omar Torrijos, ruler of Panama from 1968-81 and Sergeant Chuchu, one of the few men in the National Guard whom the General trusted completely. It is a fascinating tribute to an inspirational politician in the vital period of his country's history, and to an unusual and enduring friendship.

Inside the CIA *Simon and Schuster*

Ronald Kessler's explosive bestseller, *The FBI*, brought down FBI Director William S. Sessions. Now, in this unparalleled work of investigative journalism, Kessler reveals the inner world of the CIA. Based on extensive research and hundreds of interviews, including several with former Directors of Central Intelligence, *Inside the CIA* is the first in-depth, unbiased account of the Agency's core operations, its abject failures, and its resounding successes. Kessler reveals how: -CIA analysts botched the job of foreseeing the Soviet economy's collapse -The Agency spies on every country in the world except Great Britain, Australia, and Canada -The CIA undertakes covert action to influence or overthrow foreign governments or political parties -The Agency trains its officers to break the laws of other countries *Inside the CIA* is an extraordinary guide to the world's most successful house of spies.

The Peace Corps in Ecuador

Our Broken Elections

How the Left Changed the Way You Vote *Encounter Books*

Behind the deeply contentious 2020 election stands a real story of a broken election process. Election fraud that alters election outcomes and dilutes legitimate votes occurs all too often, as is the bungling of election bureaucrats. Our election process is full of vulnerabilities that can be — and are — taken advantage of, raising questions about, and damaging public confidence in, the legitimacy of the outcome of elections. This book explores the reality of the fraud and bureaucratic errors and mistakes that should concern all Americans and offers recommendations and solutions to fix those problems.

The New Rulers of the World *Verso*

John Pilger is one of the world's renowned investigative journalists and documentary film-makers. In this fully updated collection, he reveals the secrets and illusions of modern imperialism. In this book he looks behind the picture postcard of his homeland, Australia, to illuminate an enduring legacy of imperialism, the subjugation of the First Australians. He also examines Indonesia, and shows how General Suharto's bloody seizure of power in the 1960s was part of a western design to impose a global economy on Asia. A million Indonesians dies as the price for being the World Bank's 'model pupil'. In a shocking chapter on Iraq, Pilger allows us to understand the true nature of the West's war against the people of that country. And he dissects, piece by piece, the propaganda of the 'war on terror' to expose its Orwellian truth.

Second Child *Bantam*

The serene existence of the inhabitants of picture-perfect Secret Cove is shattered by the one-hundred-year anniversary of a young woman's unspeakable act, and young Melissa Holloway becomes the unwilling receptacle for this legacy of evil

Rogue

The Inside Story of SARS's Elite Crime-busting Unit *Jonathan Ball Publishers*

The story of a 'rogue unit' operating within the South African Revenue Service (SARS) became entrenched in the public mind following a succession of sensational reports published by the Sunday Times in 2014. The unit, the reports claimed, had carried out a series of illegal spook operations: they had spied on President Jacob Zuma, run a brothel, illegally bought spyware and entered into unlawful tax settlements. In a plot of Machiavellian proportions, head of the elite crime-busting unit Johann van Loggerenberg and many of SARS's top management were forced to resign. Van Loggerenberg's select team of investigators, with their impeccable track record of busting high-level financial fraudsters and nailing tax criminals, lost not only their careers but also their reputations. Now, in this extraordinary account, they finally get to put the record straight and the rumours to rest: there was no 'rogue unit'. The public had been deceived, seemingly by powers conspiring to capture SARS for their own ends. Shooting down the allegations he has faced one by one, Van Loggerenberg tells the story of what really happened inside SARS, revealing details of some of the unit's actual investigations.

The Next Age of Uncertainty

How the World Can Adapt to a Riskier Future *Penguin*

From the former Governor of the Bank of Canada, a far-seeing guide to the powerful economic forces that will shape the decades ahead. The economic ground is shifting beneath our feet. The world is becoming more volatile, and people are understandably worried about their financial futures. In this urgent and accessible guide to the crises and opportunities that lie ahead, economist and former Governor of the Bank of Canada Stephen Poloz maps out the powerful tectonic forces

that are shaping our future, and the ideas that will allow us to master them. These forces include an aging workforce, mounting debt, and rising income inequality. Technological advances, too, are adding to the pressure, putting people out of work, and climate change is forcing a transition to a lower-carbon economy. It is no surprise that people are feeling uncertain. The implications of these tectonic tensions will cascade throughout every dimension of our lives—the job market, the housing market, the investment climate, as well as government and central bank policy, and the role of the corporation within society. The pandemic has added momentum to many of them. Poloz skillfully argues that past crises, from the Victorian Depression in the late 1800s to the more recent downturn in 2008, give a hint of what is in store for us in the decades ahead. Unlike the purely destructive power of earthquakes, the upheaval that is sure to come in the decades ahead will offer unexpected opportunities for renewal and growth. Filled with takeaways for employers, investors, and policymakers, as well as families discussing jobs and mortgage renewals around the kitchen table, *The Next Age of Uncertainty* is an indispensable guide for those navigating the fault lines of the risky world ahead.

Notes from a Small Island *HarperCollins*

Before New York Times bestselling author Bill Bryson wrote *The Road to Little Dribbling*, he took this delightfully irreverent jaunt around the unparalleled floating nation of Great Britain, which has produced zebra crossings, Shakespeare, Twiggie Winkie's Farm, and places with names like Farleigh Wallop and Titsey.

Hit Man

A Technical Manual for Independent Contractors

Rex Feral kills for hire. Some consider him a criminal. Others think him a hero. In truth, he is a lethal weapon aimed at those he hunts. He is a last recourse in these times when laws are so twisted that justice goes unserved. He is a man who feels no twinge of guilt at doing his job. He is a professional killer. Learn how a pro gets assignments, creates a false identity, maizes a disposable silencer, leaves the scene without a trace, watches his mark unobserved and more. Feral reveals how to get in, do the job and get out without getting caught.

How Markets Fail

The Logic of Economic Calamities *Penguin UK*

How did we get to where we are? John Cassidy shows that the roots of our most recent financial failure lie not with individuals, but with an idea - the idea that markets are inherently rational. He gives us the big picture behind the financial headlines, tracing the rise and fall of free market ideology from Adam Smith to Milton Friedman and Alan Greenspan. Full of wit, sense and, above all, a deeper understanding, *How Markets Fail* argues for the end of 'utopian' economics, and the beginning of a pragmatic, reality-based way of thinking. A very good history of economic thought Economist *How Markets Fail* offers a brilliant intellectual framework . . . fine work New York Times An

essential, grittily intellectual, yet compelling guide to the financial debacle of 2009 *Geordie Greig, Evening Standard* A powerful argument . . . Cassidy makes a compelling case that a return to hands-off economics would be a disaster *BusinessWeek* This book is a well constructed, thoughtful and cogent account of how capitalism evolved to its current form *Telegraph Books of the Year* recommendation John Cassidy ... describe[s] that mix of insight and madness that brought the world's system to its knees *FT, Book of the Year* recommendation Anyone who enjoys a good read can safely embark on this tour with Cassidy as their guide . . . Like his colleague Malcolm Gladwell [at the *New Yorker*], Cassidy is able to lead us with beguiling lucidity through unfamiliar territory *New Statesman* John Cassidy has covered economics and finance at *The New Yorker* magazine since 1995, writing on topics ranging from Alan Greenspan to the Iraqi oil industry and English journalism. He is also now a Contributing Editor at *Portfolio* where he writes the monthly Economics column. Two of his articles have been nominated for National Magazine Awards: an essay on Karl Marx, which appeared in October, 1997, and an account of the death of the British weapons scientist David Kelly, which was published in December, 2003. He has previously written for *Sunday Times* in as well as the *New York Post*, where he edited the Business section and then served as the deputy editor. In 2002, Cassidy published his first book, *Dot.Con*. He lives in New York.

Adapt

Why Success Always Starts with Failure *Farrar, Straus and Giroux*

In this groundbreaking book, Tim Harford, the Undercover Economist, shows us a new and inspiring approach to solving the most pressing problems in our lives. When faced with complex situations, we have all become accustomed to looking to our leaders to set out a plan of action and blaze a

path to success. Harford argues that today's challenges simply cannot be tackled with ready-made solutions and expert opinion; the world has become far too unpredictable and profoundly complex. Instead, we must adapt. Deftly weaving together psychology, evolutionary biology, anthropology, physics, and economics, along with the compelling story of hard-won lessons learned in the field, Harford makes a passionate case for the importance of adaptive trial and error in tackling issues

such as climate change, poverty, and financial crises—as well as in fostering innovation and creativity in our business and personal lives. Taking us from corporate boardrooms to the deserts of Iraq, *Adapt* clearly explains the necessary ingredients for turning failure into success. It is a breakthrough handbook for surviving—and prospering—in our complex and ever-shifting world.
