The Literate Writer

Bending Genre

Essays on Creative Nonfiction *A&C Black*

Ever since the term "creative nonfiction" first came into widespread use, memoirists and journalists, essayists and fiction writers have faced off over where the border between fact and fiction lies. This debate over ethics, however, has

sidelined important questions of literary form. *Bending Genre* does not ask where the boundaries between genres should be drawn, but what happens when you push the line. Written for writers and students of creative writing, this collection brings together perspectives from today's leading writers of creative nonfiction, including Michael Martone, Brenda Miller, Ander Monson, and David Shields. Each writer's innovative essay probes our notions of genre and investigates how creative nonfiction is shaped, modeling the forms of writing being discussed. Like creative nonfiction itself, *Bending Genre* is an exciting hybrid that breaks new ground.

The House on Mango Street *Vintage*
The bestselling coming-of-age classic,

acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes-sometimes heartbreaking, sometimes deeply joyous-Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers.

Living Blue in the Red States *U of Nebraska Press*

Shows what politically progressive

creative writers were feeling in the wake of George W Bush's re-election. This book presents the work of essayists who look beyond the passions of the moment - the war in Iraq, the rallying of the Right around social issues, the Democrats' failure in 2004 - to the need for unity.

The Story Grid

What Good Editors Know *Black Irish Entertainment LLC*

WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and

fix what's not. The Story Grid breaks down the component parts of stories to identify the problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story ?works? or ?doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story'the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic drawer. 5. It is a tool that can inspire an original creation.

Teaching Writing Creatively *Boynton/Cook*

Teaching Writing Creatively represents a challenge to conventional notions of genre. It seeks to break down the artificial, antiquated barriers between "creative" and "academic" writing, making the writing classroom experience a more imaginative one. Teaching Writing Creatively features many of the most respected names in composition-instructors with long, successful histories of providing teachers with functional yet inventive methods of teaching writing. The collection begins with articles that assert that all good writing must be, in some important sense, "creative." These contributors offer accounts of the transformation of their composition classrooms; essays that demonstrate

that good student writing is only marginally about genre; and a critique of the creative writing workshop as a model for the composition class. Part II offers a variety of ways to approach the teaching of writing as a creative endeavor. It includes articles on helping students better understand their own writing processes and suggestions on alternative composing strategies and their classroom applications. The contributors to the final section offer a variety of new approaches to creative writing that can be successfully applied to expository writing courses as well. Student-centered and process-oriented, *Teaching Writing Creatively* is a book writing instructors will find immediately useful—particularly composition instructors who feel hemmed in by the

conventional expectations of writing courses and creative writing instructors looking to take advantage of the latest innovations in composition studies.

subject in secondary education schools, this book creates conversations between secondary and post-secondary teachers aimed at introducing and improving creative writing instruction in teaching curricula for young people. Challenging assumptions and lore regarding the teaching of creative writing, this book examines new and engaging techniques for infusing creative writing into all types of language arts instruction, offering inclusive and pedagogically sound alternatives that consider the needs of a diverse range of students. With careful attention given to creative writing within current standards-based educational systems, *Imaginative Teaching Through Creative Writing* confronts and offers solutions to the perceived difficulty of teaching the subject in such

environments. Divided into two sections, section one sees post-secondary instructors address pedagogical techniques and concerns such as workshop, revision, and assessment before section two explores hands-on activities and practical approaches to instruction. Focusing on an invaluable and underrepresented area of creative writing studies, this book begins a much-needed conversation about the future of creative writing instruction at all levels and the benefits of collaboration across the secondary/post-secondary divide.
