Achieving gender justice is a matter of basic rights and also a key means of addressing poverty. Gender inequality is the most serious and pervasive form of discrimination in the world. While this affects everyone, it is women and girls who face the most discrimination as a result of gender inequality. This is a key driver of poverty and a fundamental denial of women's rights.

Gender justice and women's rights | Oxfam Policy & Practice

Gender justice and women's rights. Every day, in every country in the world, women are confronted by discrimination and inequality. They face violence, abuse and unequal treatment at home, at work and in their wider communities – and are denied opportunities to learn, to earn and to lead. Women form the majority of those living in poverty.

Gender Justice Development And Rights [EBOOK]

First, the studies apply a "gender lens" to the analysis of political and policy processes, in order to illustrate the ways in which liberal rights, and ideas of democracy and justice, have been absorbed into the political agendas of women's movements and states.

Gender Justice, Development and Rights | Publications | UNRISD

The 1990s represented a shift in the international development agenda in the direction of a greater emphasis on rights and democracy. This brought many positive changes in women's rights and political representation as well as in human rights more broadly. In much of the world, however, these advances were not matched by significant progress in the achievement of greater social justice.

Gender Justice. Sexual and gender-based violence (SGBV) has a devastating, long-term effect on the lives of victims, their families and communities, and impedes development progress. Where sexual and gender-based violence persist, women and girls are disproportionately affected. UNDP works with national partners to increase their capacities to prevent and respond to SGBV.
