The Course of Nature

A Book of Drawings on Natural Selection and Its Consequences

Humanity is a part of Nature, yet every thinking person at one time or another asks herself or himself, "How did we get here? What makes me different from the rest of Nature?" In The Course of Nature an artist and a scientist ask those questions with full respect for all contexts, both scientific and not. Amy Pollack's figures stand on their own as elegant summaries of one or another aspect of Nature and our place in it. Robert Pollack's one-page essays for each illustration lay out the underlying scientific issues along with the overarching moral context for these issues. Together the authors have created a door into Nature for the non-scientist, and a door into the separate question of what is right, for both the scientist and the rest of us.

Unopened Books

Multiplying the 2% *Createspace Independent Publishing Platform*

The unfathomable rate of Black males in education should result in a national call to action. Across the country Black males represent only 2% of the teaching workforce. By the year 2024, minority students will be the majority, yet our current education workforce does not reflect this growing trend in what has been called "The Browning of America." Why is it acceptable that a student can matriculate from Kindergarten through twelfth grade and not have one Black male as his or her teacher? Why has it been a challenge to recruit and in many instances retain Black males in the classroom? Unopened Books explains what is referenced in the book as the Five Black Male Deterrents in Education. Through the personal narrative of Jermaine D. Gassaway, a native Washingtonian, educator, and school leader; coupled with practical solutions, Unopened Books provides insight to multiply the 2%. It is intended to not only be a provocative conversation starter but an actionable approach to increase the number of Black men in the classroom.

Naturally Composed

The Art of Using the Love of Aesthetics We Are Born With to Keep Our Viewer's Interest in Our Image. *Createspace Independent Publishing Platform*

A look at why we are interested in what we see in art. Are we born with aesthetic preferences that are shaped by cultural influences? Is our natural attraction to Beauty another weapon in our arsenal of species' survival? This book examines many so-called rules of composition in the visual arts to find natural reasons for their existence. It is designed to aide the visual artist and those who appreciate their work by bringing attention to subtle cues of attraction cultivated by our ancient and immediate ancestors. It calls upon recent work in neuroaesthetics and other scientific disciplines to back up its speculative claims, and asks the reader to contribute opinions of their own on the books' website at naturallycomposed.com. There are many examples of photos in the book, and the reader is again asked to insert their own examples to enforce or refute the claims.

Wreck This Journal (Red) *Penguin Books*

The special limited edition red mesh cover of the international bestseller... For anyone who's ever had trouble starting, keeping, or finishing a journal or sketchbook comes this expanded edition of Wreck This Journal, an illustrated book that features a subversive collection of prompts, asking readers to muster up their best mistake and mess-making abilities and to fill the pages of the book (or destroy them). Through a series of creatively and quirkily illustrated prompts, acclaimed artist Keri Smith encourages journalers to engage in "destructive" acts--poking holes through pages, adding photos and defacing them, painting pages with coffee, coloring outside the lines, and more--in order to experience the true creative process. With Smith's unique sensibility, readers are introduced to a new way of art and journal making, discovering novel ways to escape the fear of the blank page and fully engage in the creative process.

The Art of Avoiding a Train Wreck: Tips and Tricks for Launching Safe Agile Release Trains *Lulu Press, Inc*

In The ART of Avoiding a Train Wreck, Em and Adrienne share their “trade secrets” for launching and operating powerful and effective Agile Release Trains. There's a lot at stake when launching an Agile Release Train. When taking on an Enterprise Lean-Agile Transformation you only get one shot at a first impression. Runaway trains are expensive. Money gets wasted, time gets lost and the reputational damage can take years to repair. Going well beyond the standard SAFe training, this book deep dives into the practical tips and tricks that only over 15 years of combined real world experience can teach. You will learn how to get a ticket on the SAFe railway, load the cargo on your train, set the timetable, SAFely board and stay on the tracks. No matter your context, you are sure to find plenty of actionable ideas for launching and operating Agile Release Trains.

The Tsarina's Lost Treasure *Simon and Schuster*

A riveting history and maritime adventure about priceless masterpieces originally destined for Catherine the Great. On October 1771, a merchant ship out of Amsterdam, Vrouw Maria, crashed off the stormy Finnish coast, taking her historic cargo to the depths of the Baltic Sea. The vessel was delivering a dozen Dutch masterpiece paintings to Europe's most voracious collector: Catherine the Great, Empress of Russia. Among the lost treasures was The Nursery, an oak-paneled triptych by Leiden fine painter Gerrit Dou, Rembrandt's most brilliant student and Holland's first international superstar artist. Dou's triptych was long the most beloved and most coveted painting of the Dutch Golden Age, and its loss in the shipwreck was mourned throughout the art world. Vrouw Maria, meanwhile, became a maritime legend, confounding would-be salvagers for more than two hundred years. In July 1999, a daring Finnish wreck hunter found Vrouw Maria, upright on the sea floor and perfectly preserved. The Tsarina's Lost Treasure masterfully recounts the fascinating tale of Vrouw Maria—her loss and discovery—weaving together the rise and fall of the artist whose priceless masterpiece was the jewel of the wreckage. Gerald Easter and Mara Vorhees bring to vivid life the personalities that drove (and are still driving) this compelling tale, evoking Robert Massie's depiction of Russian high politics and culture, Simon Schama's insights into Dutch Golden Age art and art history, Gary Kinder's spirit of, danger and adventure on the beguiling Archipelago Sea.

Gericault's Raft and the Art of Being Lost at Sea

The Law of Wreck *Taylor & Francis*

This book covers wreck law as an integrated whole, going beyond the question of "removal" to include issues such as the ownership of wreck and how the law deals with the many commercial law problems arising after ships have been wrecked during the maritime commercial adventure. The book offers authoritative guidance on the genesis and meaning of the Nairobi Wreck Removal Convention 2007, and the interpretation of its often-complex provisions as they apply both to States trying to use its powers and to shipowners and liability insurers faced by its obligations. The authors explain the increasingly complex inter-relationship between linked areas of maritime law, including salvage, intervention and the overlapping international regimes which deal with pollution from oil, bunkers or hazardous and noxious substances. The book examines how a salvage operation transitions to wreck removal and links the liability provisions with the standard form international commercial contracts actually used by the industry to remove wrecks, eg BIMCO's Wreckstage 2010, Wreckhire 2010 and Wreckfixed 2010. It also covers the complex requirements concerning the disposal of wrecks, including the latest recycling regulations applicable in 2019. The Law of Wreck will be of value to shipping industry professionals, insurers and legal practitioners, as well as academics and students of maritime law.
