Common law is rooted in centuries of English history. It emphasizes the centrality of the judge in the gradual development of law and the idea that law is found in the distillation and continual restatement of legal doctrine through the decision of the courts.

Description and History of Common**Law - Radford**

Humans and chimpanzees did, however, evolve from a common ancestor. The most recent common ancestor of humans and the living chimpanzees lived between 5 and 8 million years ago. Evolution is not a progression from inferior to superior organisms, and it also does not necessarily result in an increase in complexity.
