The Lost Fleets have settled on an Originator Dyson Sphere in preparation for their greatest test yet. A great enemy is spreading across the universe conquering galaxy after galaxy. The few surviving Originators have asked Fleet Admiral Jeremy Strong to fight a war against their most hated enemy, the Anti-Life.

The Originator Wars Series by Raymond L. Weil
Conflict Unending was an excellent way to end the series and while its ending is moderately up-beat (but as the title suggests, the war is not really finished), there are some loose threads that I hope the author will tie up in another book (sooooo got my fingers and toes crossed 'cause I don't really want this series to end).
