Teach Your Child to Read in 100 Easy Lessons *Simon and Schuster*

A #1 bestseller on Amazon for early childhood education with more than half a million copies in print, Teach Your Child to Read in 100 Easy Lessons will give your child the reading skills needed now for a better chance at tomorrow,

while bringing you and your child closer together. Is your child halfway through first grade and still unable to read? Is your preschooler bored with coloring and ready for reading? Do you want to help your child read, but are afraid you'll do something wrong? Teach Your Child to Read in 100 Easy Lessons is a complete, step-by-step program that shows parents simply and clearly how to teach their children to read. Twenty minutes a day is all you need, and within 100 teaching days your child will be reading on a solid second-grade reading level. It's a sensible, easy-to-follow, and enjoyable way to help your child gain the essential skills of reading. Everything you need is here—no paste, no scissors, no flash cards, no complicated directions—just you and your child

learning together. One hundred lessons, fully illustrated and color-coded for clarity, give your child the basic and more advanced skills needed to become a good reader.

Teach Your Child to Read in 100 Easy Lessons

SRA's DISTAR is one of the most successful beginning reading programs available to schools. Research has proven that children taught by the DISTAR method outperform their peers. Now, this program has been adapted for use at home. In only 20 minutes a day, this remarkable step-by-step program teaches your child to read—with the love, care, and joy only a parent and child can share. Copyright © Libri GmbH. All rights reserved.

Teach Your Child to Read in Just Ten Minutes a Day

Reveals the phonic program by which preschoolers as young as two begin reading at the Sidney Ledson Institute for Intellectual Advancement (see www.sidneyledsoninstitute.com). This light-hearted, yet scientifically advanced, method permits parents, schoolteachers and even babysitters to quickly teach children of all ages to read.

Teach a Child to Read with Children's Books *Grayson Bernard Pub*

This guide shows parents how to combine story reading, phonics, and writing to help their children develop into skilled and motivated readers. The guide discusses how to prepare children for reading success; how to use

children's literature to promote learning and enjoyment; why combining book experiences and phonics is better than using either approach alone; ways to use writing to enhance children's reading progress; why reading aloud is important; and which books to use and where to find them. Chapters in the guide are: (1) "The 'Great Debate'"; (2) "Acquiring Language and Learning To Read"; (3) "Early Readers: What Can They Teach Us?"; (4) "What Works? One Successful Program"; (5) "Using 'Real Books' in Your Program"; (6) "Preparing for Formal Lessons"; (7) "Book Reading and Strategy Development"; (8) "Learning about Letters, Sounds, and Words"; (9) "Story Writing in the Reading Lesson"; and (10) "Putting It All Together: A Sample Lesson." Contains

79 references. Appendixes present a 600-item bibliography of children's trade books; a special note for Christian educators; and advice on establishing a tutoring project. (RS)

Teach Your Toddler to Read Through Play: A Detailed Account with Over 130 Games/Activities, Tips, and Resources *Independently Published*

This book details how I taught my son to read at 21 months through PLAY. At the age of three, he was able to read on a 3rd grade level. The goal is to help you expose your child to words and reading in a fun way. This book will take you through a step by step process of how I taught my son to read. It gives you games/activities to do with your child along the way to make reading a process

that is fun, natural, and interesting! It will help spark your child's curiosity in wanting to seek meaning from words which is essentially reading. This is a great read for parents and teachers of children ages 0-7.

How to Teach Your Baby to Read

Learn to Read Activity Book *Zephyros Press*

That's why seasoned primary school teacher, Hannah Braun, combines playful activities with effective lesson plans in Learn to Read Activity Book. Learn to

Read Activity Book builds critical literary skills through a series of activities that create connections between letters and words and help your child learn to read. Helping your child learn to read is important work and Learn to Read Activity Book makes it rewarding for both of you, with: Play-Motivated Learning that includes coloring, tracing, mazes, puzzles, and word searches that entertain your child as they learn to read An Effective Teaching Method that uses the "I do, we do, you do" model to build independence through practice Over 100 Cumulative Lessons that begin with letter recognition and phonetics, and build towards reading complete words From letter recognition to word pronunciation you will witness exciting "light bulb" moments in your child as

they joyfully learn to read with the Learn to Read Activity Book.

How to Teach Your Dyslexic Child to Read *Birch Lane Press*

Discusses learning disabilities, shares case studies of how children overcame those disabilities, and suggests teaching methods for dyslexic children in kindergarten through third grade

Raising Confident Readers *Da Capo Lifelong Books*

Raise a Child Who Loves to Read How do kids really learn to read? And how can you encourage interest in reading and writing from the start? In Raising Confident Readers, based on the five phases of literacy development, Dr. J. Richard Gentry provides fun and easy

ways to teach your child to read and write successfully. When it comes to language, the most critical brain growth happens in early childhood. Raising Confident Readers shows you how to activate and accelerate this capacity for learning: The key is to introduce the right activities at the right time. Whether your child is a baby or toddler, in preschool or kindergarten, or first or second grade, Dr. Gentry helps you identify your child's literacy phase and take the next steps to build writing, reading, and spelling skills. You'll discover: How your child's brain learns to read—and why encouraging drawing and scribbling is as essential as reading aloud The best at-home activities to develop literacy early, naturally, and joyfully Recommended children's books

for each phase Strategies for overcoming dyslexia, delayed reading, and other challenges Checklists and a milestones diary to celebrate your child's progress As your child moves through the five phases, they'll soon be sounding out and spelling words correctly, reading chapter books independently, and writing creative stories on their own. Complete with samples of children's writing throughout, Raising Confident Readers is an essential resource to foster your child's lifelong love of reading.

The Reading Lesson

Learn to Read for Kids with Dyslexia: 101 Games and Activities to Teach Your Child to Read *Zephyros Press*

Learn to Read for Kids with Dyslexia is the definitive activity workbook to improve phonemic awareness, dysgraphia, and auditory processing disorder (APD) for kids ages 7-12. For kids with an official dyslexia diagnosis, or kids struggling with dyslexia related

symptoms, learning to read can be challenging. Using a targeted approach to skill development, Learn to Read for Kids with Dyslexia applies the latest research-based learning methods to games and activities that strengthen auditory discrimination skills, support letter formation in writing, and most importantly--make reading fun. Specifically designed for kids ages 7-12, these engaging activities offer children daily opportunities to practice and hone their reading skills, instead of more homework for your child or student. With icons that designate skill building in phonemic awareness, dysgraphia, and APD for each activity, this workbook allows parents and teachers to focus on strengthening specific areas that will help kids become lifelong readers. From

rhyme triangles to letter tracing mazes, Learn to Read for Kids with Dyslexia offers an entertaining and effective approach to reading with: 101 illustrated games and activities that include word association, picture association, matching, coloring, listening, writing with sounds, and races 6 research-based learning methods such as phonological awareness training, phonemic awareness training, multisensory instruction, overlearning, explicit phonics instruction, and more! A flexible program that can be used one-on-one or in a small group Learn to Read for Kids with Dyslexia makes reading enjoyable and rewarding with fun-filled games and activities that teach children how to read fluently and confidently.

Learn to Read *Modern Kid Press*

Learn to Read: A Magical Site Words and Phonics Activity Book This book is perfect for kids of all ages who want to learn to read and write in a fun and magical way! The book contains over 40 sight words that kids learn through the image of the word as opposed to sounding letters out. These words make up almost half of most children's books which results in a much easier experience learning other words. It also includes word recognition drills along with fun puzzles and games using magical creatures like unicorns, mermaids and dinosaurs. The Book Contains: Premium matte cover design Printed on high quality 60# interior stock Perfectly sized at 8.5" x 11"

How to Raise a Reader *Workman Publishing Company*

An indispensable guide to welcoming children—from babies to teens—to a lifelong love of reading, written by Pamela Paul and Maria Russo, editors of The New York Times Book Review. Do you remember your first visit to where the wild things are? How about curling up for hours on end to discover the secret of the Sorcerer's Stone? Combining clear, practical advice with inspiration, wisdom, tips, and curated reading lists, *How to Raise a Reader* shows you how to instill the joy and time-stopping pleasure of reading. Divided into four sections, from baby through teen, and each illustrated by a different artist, this book offers something useful on every page,

whether it's how to develop rituals around reading or build a family library, or ways to engage a reluctant reader. A fifth section, "More Books to Love: By Theme and Reading Level," is chockful of expert recommendations. Throughout, the authors debunk common myths, assuage parental fears, and deliver invaluable lessons in a positive and easy-to-act-on way.

It provides over twenty practical activities and faith-based references for parents to teach their school-age children, kindergarten through high school, money management concepts as they begin to understand money.

Phonics Pathways *John Wiley & Sons*

Now in its ninth edition, Phonics Pathways (with help from Dewey the Bookworm™) teaches students of all ages the rudiments of phonics and spelling with an efficient, practical, and foolproof method. Written in an easy-to-use format, Phonics Pathways is organized by sounds and spelling

patterns. The patterns are introduced one at a time and slowly built into syllables, words, phrases, and sentences. Printed in a large 8-1/2" x 11" lay-flat format for easy photocopying, Phonics Pathways is filled with illustrative examples, word lists, and practice readings that are 100 percent decodable. While appropriate for K-2 emergent readers, this award-winning book has also been used successfully with adolescent and adult learners, as well as second language learners and students with learning disabilities such as dyslexia. Dewey® and Dewey Decimal Classification® are proprietary trademarks of OCLC Online Computer Library Center, and are used with permission. Dewey the Bookworm™, Dewey D. System, Bookwormus

Giganticus™, and the design mark of the character Dewey are trademarks of Dolores G. Hiskes and are also used with permission.

Teach Your Children Well *Harper Collins*

Psychologist Madeline Levine, author of the New York Times bestseller *The Price of Privilege*, brings together cutting-edge research and thirty years of clinical experience to explode once and for all the myth that good grades, high test scores, and college acceptances should define the parenting endgame. Parents, educators, and the media wring their hands about the plight of America's children and teens—soaring rates of emotional problems, limited coping skills, disengagement from learning and

yet there are ways to reverse these disheartening trends. *Teach Your Children Well* acknowledges that every parent wants successful children. However, until we are clearer about our core values and the parenting choices that are most likely to lead to authentic, and not superficial, success, we will continue to raise exhausted, externally driven, impaired children who believe they are only as good as their last performance. Real success is always an inside job, argues Levine, and is measured not by today's report card but by the people our children become fifteen or twenty years down the line. Refusing to be diverted by manufactured controversies such as "tiger moms versus coddling moms," Levine confronts the real issues behind the way we push

some of our kids to the breaking point while dismissing the talents and interests of many others. She shows us how to shift our focus from the excesses of hyperparenting and the unhealthy reliance on our children for status and meaning to a parenting style that concentrates on both enabling academic success as well as developing a sense of purpose, well-being, connection, and meaning in our children's lives. *Teach Your Children Well* is a call to action. And while it takes courage to make the changes we believe in, the time has come, says Levine, to return our overwrought families to a healthier and saner version of themselves.

Help Your Kids Learn and Love the Bible *Baker Books*

As parents, we deeply desire the best for our kids. We look for the right preschool, teach them to read, and get them involved in extracurriculars. We take our job as parents seriously. But are we also putting our time and energy into teaching them the Bible? Leading our kids to life through Scripture is not only doable, it's an essential part of parenting kids for Jesus. And the good news is studying God's Word as a family doesn't have to be hard or overly time-consuming. This book will give you the tools and confidence to study the Bible as a family. It will help you identify and overcome your objections and fears, give you a crash course in what the Bible is all about and how to teach it, and provide the tools and techniques to set up a family Bible-study habit. You will

finish this book feeling encouraged and empowered to initiate and strengthen your child's relationship with the Lord through his Word.

Teaching Your Children to Read Using the Book of Mormon

Turn Autism Around *Hay House, Inc*

Help remediate—and in some cases eliminate—autism and other developmental delays in young children, even in as little as 15 minutes a day with this toolkit of behavioral practices that can be taught at home. Developmental delays and signs of autism usually show up before 18 months of age, yet children are often not diagnosed until they are 4 or 5 years old. In *Turn Autism Around*, Dr. Mary Barbera explains why parents

can't afford to worry and wait in long lines for evaluations and treatment while not knowing how to help their children. She empowers parents, caregivers, and early intervention professionals to regain hope and take back control with simple strategies to dramatically improve outcomes for their children. Dr. Barbera has created a new approach to teaching kids with developmental delays that uses the science of Applied Behavior Analysis (ABA) married with a positive, child-friendly methodology that any parent can use—whether or not their child has delays—to learn to teach communication skills, socialization strategies, as well as tackle sleep, eating, potty training, and behavior challenges in a positive, effective, and lasting way. *Turn Autism Around* is the

first book of its kind that calls attention to an important fact: parents can make a tremendous impact on their child's development through behavioral practices taught at home, even in as little as 15 minutes a day. Her program shows these autism and developmental delays can be remediated, and in some cases, delays can be caught up altogether, if parents intervene while the child is young. This book is for parents of young children aged one-to-five years who are passionate about helping their child as well as learning how they can change the trajectory of their child's and family's life.

Llama Llama and the Bully Goat

Penguin

Llama Llama likes to sing. Gilroy laughs

at everything. Llama sings out just the same. Gilroy says a not-nice name. Teacher has some things to say: calling names is not OK. Llama Llama is learning lots of new things at school and making many friends. But when Gilroy Goat starts teasing him and some of their classmates, Llama Llama isn't sure what to do. And then he remembers what his teacher told him—walk away and tell someone. It works! But then Llama Llama feels badly. Can he and Gilroy try to be friends again? Taking on a difficult but important part of children's lives, Anna Dewdney gives readers a way to experience and discuss bullying in a safe and comforting way.

The World Book Encyclopedia

An encyclopedia designed especially to

meet the needs of elementary, junior high, and senior high school students.

Say Goodbye to Whining, Complaining, and Bad Attitudes... in You and Your Kids *Shaw Books*

Adding honor as a factor in raising kids ...and parent-child relationships. Dr. Scott Turansky and Joanne Miller offer a thorough program for establishing honor as a basis of family life — not just children honoring parents, but parents respecting children and children honoring each other. Even if honor seems a long way off in your household, you will find practical suggestions here to bring that goal a little closer — suggestions for kids of all ages. Honor is the biblical value that will bring about good behavior. It's more than just

changing what kids do; it's changing the deeper issues of the heart that triggered the behavior.

How To Teach Your Child To Read *Teach Your Child To Read*

Dear Parents, If you believe that teaching your child to read and helping your child develop proficient reading skills is the key to future success, and if you wish to help your children develop to their fullest potential... then you must read this book today!

The Read-Aloud Family *Zondervan*

Discover practical strategies to make reading aloud a meaningful family ritual. The stories we read--and the conversations we have about them--help shape family traditions, create lifelong

memories, and become part of our legacy. Reading aloud not only has the power to change a family--it has the power to change the world. But we all know that connecting deeply with our families can be difficult in our busy, technology-driven society. Reading aloud is one of the best ways to be fully present with our children, even after they can read themselves, but it isn't always easy to do. Discover how to: Prepare your kids for academic success through reading to them Develop empathy and compassion in your kids through books Find time to read aloud in the midst of school, sports, and dinner dishes Choose books across a variety of sibling interests and ages Make reading aloud the best part of your family's day The Read-Aloud Family also offers age-

appropriate book lists from infancy through adolescence. From a toddler's wonder to a teenager's resistance, you will find the inspiration you need to start a read-aloud movement in your own home.

How to Multiply Your Baby's Intelligence *Square One Publishers, Inc.*

Time and again, the work performed at The Institutes for the Achievement of Human Potential has demonstrated that children from birth to age six are capable of learning better and faster than older children. *How To Teach Your Baby To Read* shows just how easy it is to teach a young child to read, while *How To Teach Your Baby Math* presents the simple steps for teaching mathematics through the development

of thinking and reasoning skills. Both books explain how to begin and expand each program, how to make and organize necessary materials, and how to more fully develop your child's reading and math potential. *How to Give Your Baby Encyclopedic Knowledge* shows how simple it is to develop a program that cultivates a young child's awareness and understanding of the arts, science, and nature—to recognize the insects in the garden, to learn about the countries of the world, to discover the beauty of a Van Gogh painting, and much more. *How To Multiply Your Baby's Intelligence* provides a comprehensive program for teaching your young child how to read, to understand mathematics, and to literally multiply his or her overall learning potential in

preparation for a lifetime of success. The Gentle Revolution Series: The Institutes for the Achievement of Human Potential has been successfully serving children and teaching parents for five decades. Its goal has been to significantly improve the intellectual, physical, and social development of all children. The groundbreaking methods and techniques of The Institutes have set the standards in early childhood education. As a result, the books written by Glenn Doman, founder of this organization, have become the all-time best-selling parenting series in the United States and the world.

The Ordinary Parent's Guide to Teaching Reading *Peace Hill Press*
An accessible primer on phonics-based

teaching filters out the obscure, political, and gimmicky practices of typical programs to provide parents with simple steps on teaching children how to read, providing a wealth of tools, instructional advice, and easy-to-follow guidelines. Original. 10,000 first printing.

Give Your Child a Superior Mind

programme that teaches adults how to teach kids meditation. She has been researching and teaching this since 2003 and is the author of 'Calm Kids - Help Children Relax With Mindful Activities'.

She Comes First

Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners

and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner

Bob Books Set 1
