AQA GCSE Biology Topic 7: Ecology Revision - PMT

In the end, while these papers may have formed the foundation of ecology, I don't think it's worth an early career researcher's time to go back and read them. It's like a geneticist being forced to read the first paper documenting the structure of DNA – while an important piece of history, more modern papers have better described that structure with greater detail and accuracy.

Nature Publishes Top 100 List for Ecology Papers. Here's

...
DATA PAPER INSTRUCTIONS . What are data papers? Data papers are a unique type of article published in Ecology, used to present large or expansive data sets, accompanied by metadata which describe the content, context, quality, and structure of the data. Metadata may contain limited statistical analysis of the data; more detailed analysis of data sets could, however, form the core of a companion article.
