Penny from Heaven *Yearling*

Newbery Honor-winning, New York Times-bestselling, and as full of fun and adventure as it is of deeper family issues. School's out for summer, and Penny and her cousin Frankie have big plans to eat lots of butter pecan ice cream, swim at the local pool, and cheer on their favorite baseball team—the Brooklyn Dodgers! But

sometimes things don't go according to plan. Penny's mom doesn't want her to swim because she's afraid Penny will get polio. Frankie is constantly getting into trouble, and Penny feels caught between the two sides of her family. But even if the summer doesn't exactly start as planned . . . things can work out in the most unexpected ways! Set just after World War II, this thought-provoking novel also highlights the prejudice Penny's Italian American family must confront because people of Italian descent were "the enemy" not long ago. Inspired by three-time Newbery Honor winner Jennifer Holm's own Italian American family, Penny from Heaven is a story about families—about the things that tear them apart and the things that bring them back together. Includes an author's note with photographs and background on World War II, internment camps, and 1950s America, as well as additional resources and websites. Booklist: "Holm impressively wraps pathos with comedy in this coming-of-age story, populated by a cast of vivid characters."

"A searing, shattering, exquisite shard of a book." —Ally Condie, #1 New York Times bestselling author of the Matched Trilogy "A brilliant, necessary candle in the darkness." —Brendan Kiely, New York Times bestselling and award-winning coauthor of All American Boys and Tradition From master storyteller and Printz Award-winning author An Na comes a dark, intensely moving story of a girl desperately determined to find a cure for the illness that swept her mother away, and could possibly destroy her own life as well. Sixteen-year-old Grace is in a race against time—and in a race for her life—even if she doesn't realize it yet... She is smart, responsible, and contending with more than what most teens ever should. Her mother struggled with schizophrenia for years until, one day, she simply disappeared—fleeing in fear that she was going to hurt those she cared about most. Ever since, Grace's father has worked as a recruiter at one of the leading labs dedicated to studying the disease, trying to lure the world's top scientists to the faculty to find a cure, hoping against hope it can happen in time to help his wife if she is ever found. But this makes him distant. Consumed. Grace, in turn, does her part, interning at the lab in the gene sequencing department, daring to believe that one day they might make a breakthrough...and one day they do. Grace stumbles upon a string of code that could be the key. But something inside of Grace has started to unravel. Could her discovery just be a cruel side effect of the disease that

might be taking hold of her? And can she even tell the difference? With unflinching bravery, An Na has created a mesmerizing story with twists and turns that reveal jaw-dropping insights into the mind of someone struggling with schizophrenia.

Fire from Heaven *Open Road Media*

New York Times Bestseller and Man Booker Prize Finalist: A novel of ancient Greece by the author Hilary Mantel calls “a shining light.” Alexander the Great stands alone as a leader and strategist, and *Fire from Heaven* is Mary Renault’s unsurpassed dramatization of the formative years of his life. His parents fight for their precocious son’s love: On one side, his volatile father, Philip, and on the other, his overbearing mother, Olympias. The story tells of the conqueror’s two great bonds—to his horse, Oxhead, and to his dearest friend and eventual lover, Hephaistion—and of the army he commands when he is barely an adult. Coming of age during the battles for southern Greece, Alexander the Great appears in all of his colors—as the man who first takes someone’s life at age twelve and who swiftly eliminates his rivals as soon as he comes to power—and emerges as a captivating, complex, larger-than-life figure. *Fire from Heaven* is the first volume of the *Novels of Alexander the Great* trilogy, which continues with *The Persian Boy* and *Funeral Games*. This ebook features an illustrated biography of Mary Renault including rare images of the author. “Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us.” —Hilary Mantel

Love From Heaven

Practicing Compassion for Yourself and Others *Simon and Schuster*

Bestselling author and mystic Lorna Byrne teaches us how to have more compassion for both ourselves and others and to see all the love around us in this powerful and moving book—perfect for fans of Louise Hay and Doreen Virtue. Lorna Byrne, an Irish mystic, has been seeing angels since she was a baby, but she sees even more than that. In *Love from Heaven*, she reveals for the first time that she sees love as a physical force. Lorna first became conscious that the angels were teaching her about love when she was five years old, and today she can see how love manifests in each of us. She sees that newborn babies are full of pure love and that many teenagers and adults seem surrounded at the heart level by a transparent but ironlike band, which restricts that love. We are all pure love, but nine out of ten of us have locked away most of this love within ourselves. This love remains there, though—indestructible and ready to be released, if only we can learn to love ourselves first. *Love from Heaven* will transform the way you think about love, stir up the love within, and make you more compassionate, leading to a happier life for you and those around you.

Smiles from Heaven

A Story of Dealing with Grief Through Faith, Love and Courage

"This is a book about saying what you feel, without regard to what others may think about you. It's about writing your personal feelings and thoughts on a stage for an audience that is not there. It's about hearing the applause of the tears falling from someone you love in Heaven. Tears that fill the hole that remained in your heart." This book details my grief and opens the door to many different emotions that I had after losing my wife. The book shares our story of love that ended too soon, mixed with the loss of my brother. All this within a very short period of time in my life. It will cause you to stop and think about what is important in life, and what is not. It will teach you the importance of the loved ones in your life and the time you spend with them. The story will make you laugh, it will make you cry, and it will make you wonder why. I've been told by family and friends that the story has strengthened relationships. The same family and friends pushed me to write this book. Using Facebook, it shows you how I handled grief before, during and after the loss of my wife and my brother. A timeline approach with personal messages made, allowing me an outlet to grieve. The timeline shows you various stages of grief, throughout a period of eight years. My goal was to share what I felt inside and to present it in a way that you can feel the emotions, even visualizing that emotion at times. There will be a portion of the book taking you through a personal journey my wife and I had to battle her cancer. Offering ideas and advice to you should you need it. This book is a diary of love for my wife that still lasts today. It will inspire and motivate you to become a better person. My writings unlock an outpouring of emotion for the whole world to see.

Pigs in Heaven

Novel, A Harper Collins

Picking up where her modern classic *The Bean Trees* left off, Barbara Kingsolver's bestselling *Pigs in Heaven* continues the tale of Turtle and Taylor Greer, a Native American girl and her adoptive mother who have settled in Tucson, Arizona, as they both try to overcome their difficult pasts. Taking place three years after *The Bean Trees*, Taylor is now dating a musician named Jax and has officially adopted Turtle. But when a lawyer for the Cherokee Nation begins to investigate the adoption—their new life together begins to crumble. Depicting the clash between fierce family love and tribal law, poverty and means, abandonment and belonging, *Pigs in Heaven* is a morally wrenching, gently humorous work of fiction that speaks equally to the head and the heart. This edition includes a P.S. section with additional insights from Barbara Kingsolver, background material, suggestions for further reading, and more.

Blue Jasmine

When twelve-year-old Seema Trivedi learns that she and her family must move from their small Indian town to Iowa City, she realizes she'll have to say good-bye to the purple-jeweled mango trees and sweet-smelling jasmine, to the monsoon rains and the bustling market. More important, she must leave behind her best friend and cousin, Raju. Everything is different in Iowa City, where Seema feels like an outsider to the language and traditions. As she begins to plant roots in the foreign soil, however, her confidence starts to bloom, and she learns she can build a bridge between two homes. With lyrical language and poignant scenes, Kashmira Sheth unearths the meaning of "home" and "family" in this tender debut novel. Kashmira Sheth's own experiences as a teenager who moved by herself from India to America inspired her to write this novel. She is a microbiologist and lives with her family in Madison, Wisconsin. Kashmira Sheth was born in Bhavanger, Gujarat, India and immigrated to the United States at the age of 17. Sheth attended Iowa State University where she received her B.S. in Microbiology. She is married to a civil engineer and they have two daughters. Sheth is both a scientist and an author. Sheth has worked for the Wisconsin Department of Agriculture, Trade and Consumer Protection as a microbiologist. In 2012 she will teach at the Solstice Low-Residency MFA in Creative Writing Program at Pine Manor College. In her free time Sheth teaches Indian dance to children. "When 12-year-old Seema moves with her parents and younger sister from India to Iowa City, she must leave her grandparents, extended family, and, most distressingly, her cousin Raju, who has been like a brother to her. Seema describes her adjustment to the newness of the U.S.—the food, clothing, weather, education—and her feelings: "I was always the outsider listening in...." Although she makes friends, she also encounters surprising hostility from another newcomer to her class, and ultimately learns the coping skills necessary to deal with this troubled girl. The writing is infused with evocative descriptions: "...the few leaves left clinging to the trees made them look like beggars in ragged clothes" or "the days... stretched out like a sari." Sheth uses Seema's letters to India and a classroom assignment to transmit significant cultural information, but at times this approach takes on a didactic and unnatural air. Still, the narrative advances steadily, with many opportunities for insights into the experience of this new immigrant, plus enough tension introduced through the bully to keep readers interested." -School Library Journal -Lee Bock, Glenbrook Elementary School, Pulaski, WI Copyright © Reed Business Information, a division of Reed Elsevier Inc. "Filled with details that document an immigrant's observations and experiences, Seema's story, which articulates the ache for distant home and family, will resonate with fellow immigrants and enlighten their classmates." Show of Justice

Racial Amalgamation in Nineteenth Century New Zealand *Auckland University Press*

First published in 1974, *A Show of Justice* remains the essential and definitive text on official policies towards the Māori people in the nineteenth century. Professor Ward shows how an understanding of the past explains why Māori today, formally equal under the law, continue having to demand rights assured under the Treaty of Waitangi and why major issues have yet to be recognised and addressed. *A Show of Justice* also has a glossary of Māori terms, a full index and notes.

Good Omens

The Nice and Accurate Prophecies of Agnes Nutter, Witch *Harper Collins*

There is a distinct hint of Armageddon in the air. According to *The Nice and Accurate Prophecies of Agnes Nutter, Witch* (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new

hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

Letters to Heaven

Reaching Beyond the Great Divide *Worthy Books*

In these masterfully written letters to heaven, Calvin Miller thanks, lovingly reflects on-and sometimes confesses his regrets to -the departed influences in his life. Some are names familiar to us all (C. S. Lewis, Todd Beamer, Oscar Wilde); others he knew well; and some he only admired from a distance. But all brought a brightness to his life or challenged him to live more fully in some way. Aware that eternity for any of us is only a step away, Miller has sought to complete the unfinished business of life by writing letters to the great beyond. This moving work will not only elicit a desire in readers to reconcile all things unfinished, but teach the living about the importance of people and the treasure of faith while holding out for us all the hope that awaits..
