The Vanishing Point

A Novel *Back Bay Books*

At Rye Adler's funeral, they didn't bury his body - or the rivalry of his closest enemy. A gripping literary thriller by the author of the "wrenching and exhilarating" *All Things Cease to Appear* (Wall Street Journal). Julian Ladd and Rye Adler cross paths as photography students in the exclusive Brodsky Workshop. When Rye needs a roommate, Julian moves in, and a quiet, compulsive envy takes root, assuring, at least in his own mind, that he will never achieve Rye's certain success. Both men are fascinated with their beautiful and talented classmate, Magda, whose captivating images of her Polish neighborhood set her apart, and each will come to know her intimately - a woman neither can possess and only one can love. Twenty years later, long after their paths diverge, Rye is at the top of his field, famous for his photographs of celebrities and far removed from the downtrodden and disenfranchised subjects who'd secured his reputation as the eye of his generation. When Magda reenters his life, asking for help only he can give, Rye finds himself in a broken landscape of street people and addicts, forcing him to reckon with the artist he once was, until his search for a missing boy becomes his own desperate fight to survive. Months later, when Julian discovers Rye's obituary, the paper makes it sound like a suicide. Despite himself, Julian attends the funeral, where there is no casket and no body. This sudden reentry into a world he thought he left behind forces Julian to question not only Rye's death, but the very foundations of his life. In this eerie and

evocative novel, Elizabeth Brundage establishes herself as one of the premiere authors of literary fiction at work today.

A Stranger Like You

A Novel *Penguin*

A taut and terrifying thriller about the lengths to which we'll go to make our dreams come true Hedda Chase is a top-flight executive producer at Gladiator Films, fast-tracked in the business since she graduated from Yale. An aggressive businesswoman, she recently pulled the plug on a film project initiated by one of her predecessors. The screenwriter on the project was Hugh Waters, a wannabe with a dead-end marriage and a day job at an insurance company. This script was his ticket out-until Hedda tampered with his plans, claiming his violence was over the top, his premise not credible, and his ending implausible. Hugh decides to prove otherwise by staging his script's ending and casting Hedda Chase as the victim. He flies to Los Angeles and finds Hedda, kidnaps her, and locks her in the trunk of her vintage BMW in the parking lot at LAX. He leaves the keys in the ignition, the parking ticket on the dash, and lets "destiny" take its course. This is the set-up for a troubling, smart, deadly look at women and images of women, at media as a high-stakes game and the selling of a war as theatre. (One key character is an Iraq veteran, and one of Hedda's projects is a film about women in Iraq). Brundage's Los Angeles is a casual battleground that trades carelessly in lives and dreams. As always, her characters are complicated, surprising, and intense in this high velocity, provocative novel. Watch a Video

The Road *Vintage*

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

Beneath the Stairs

A Novel *Simon and Schuster*

"An enthralling debut by a gifted storyteller!" —Wendy Walker, author of *Don't Look for Me* In this spine-tingling, atmospheric debut for fans of Jennifer McMahon, Simone St. James, and Chris Bohjalian, a woman returns to her hometown after her childhood friend attempts suicide at a local haunted house—the same place where a traumatic incident shattered their lives twenty years ago. Few in sleepy Sumner's Mills have stumbled across the Octagon House hidden deep in the woods. Even fewer are brave enough to

trespass. A man had killed his wife and two young daughters there, a shocking, gruesome crime that the sleepy upstate New York town tried to bury. One summer night, an emboldened fourteen-year-old Clare and her best friend, Abby, ventured into the Octagon House. Clare came out, but a piece of Abby never did. Twenty years later, an adult Clare receives word that Abby has attempted suicide at the Octagon House and now lies in a coma. With little to lose and still grieving after a personal tragedy, Clare returns to her roots to uncover the darkness responsible for Abby's accident. An eerie page-turner, *Beneath the Stairs* is about the trauma that follows us from childhood to adulthood and returning to the beginning to reach the end.

The World As I Found It *New York Review of Books*

When Bruce Duffy's *The World As I Found It* was first published more than twenty years ago, critics and readers were bowled over by its daring reimagining of the lives of three very different men, the philosophers Bertrand Russell, G. E. Moore, and Ludwig Wittgenstein. A brilliant group portrait with the vertiginous displacements of twentieth-century life looming large in the background, Duffy's novel depicts times and places as various as Vienna 1900, the trenches of World War I, Bloomsbury, and the colleges of Cambridge, while the complicated main characters appear not only in thought and dispute but in love and despair. Wittgenstein, a strange, troubled, and troubling man of gnawing contradictions, is at the center of a novel that reminds us that the apparently abstract and formal questions that animate philosophy are nothing less than the

intractable matters of life and death.

I Hope I Screw This Up

How Falling In Love with Your Fears Can Change the World *Simon and Schuster*

A New York Times bestseller! In this irreverently funny, one-of-a-kind book, transformational comedian Kyle Cease shows you how to love failure and follow your heart, release the addictions of your mind, and live in a state of infinite possibility. If Eckhart Tolle and Jim Carrey had a baby, that baby would be Kyle Cease. After twenty-five years of achieving what he thought were his dreams of being a headlining touring comedian and actor, Kyle Cease suddenly discovered that the belief that “When something happens, I will be happy” is a complete lie. With nothing more than an intuition, he decided to quit his stand-up career at its peak, and now—as a transformational comedian, he brings his one-of-a-kind self-help wisdom to sold-out audiences in his *Evolving Out Loud* Live stage show. In *I Hope I Screw This Up*, he disarms readers as he leads them to their own personal breakthroughs, helping them to recognize that actual happiness and fulfillment is available to them—not in some distant future, but right now. As he has shown audiences all over the world, when you embrace your pain, fear, and vulnerability instead of pushing it away, you will discover an authentic creativity and power that is truly unstoppable. Using self-deprecating personal stories, hilarious observations on life, and poorly drawn illustrations, Kyle unravels the deepest issues standing between us and emotional freedom. From discovering the never-ending opportunities that come from playing—and going with

whatever comes up in the moment—to learning to let go of what feels heavy in our lives, this book is a journey into the endless possibility that can appear if we just dare to let go of our fear of screwing up. This is not motivation. This is not inspiration. This is true transformation.

A cannon. A strap. A piece. A biscuit. A

burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason

Reynolds.

The Man from the Future: The Visionary Life of John von Neumann

W. W. Norton & Company

An electrifying biography of one of the most extraordinary scientists of the twentieth century and the world he made. The smartphones in our pockets and computers like brains. The vagaries of game theory and evolutionary biology. Nuclear weapons and self-replicating spacecrafts. All bear the fingerprints of one remarkable, yet largely overlooked, man: John von Neumann. Born in Budapest at the turn of the century, von Neumann is one of the most influential scientists to have ever lived. A child prodigy, he mastered calculus by the age of eight, and in high school made lasting contributions to mathematics. In Germany, where he helped lay the foundations of quantum mechanics, and later at Princeton, von Neumann's colleagues believed he had the fastest brain on the planet—bar none. He was instrumental in the Manhattan Project and the design of the atom bomb; he helped formulate the bedrock of Cold War geopolitics and modern economic theory; he created the first ever programmable digital computer; he prophesized the potential of nanotechnology; and, from his deathbed, he expounded on the limits of brains and computers—and how they might be overcome. Taking us on an astonishing journey, Ananyo Bhattacharya explores how a combination of genius and unique historical circumstance allowed a single man to sweep through a stunningly diverse array of fields, sparking revolutions wherever he went. *The Man from the Future* is an insightful and thrilling intellectual biography of the visionary thinker who shaped our

century.

Seven Games: A Human History *W. Norton & Company*

A group biography of seven enduring and beloved games, and the story of why—and how—we play them. Checkers,

backgammon, chess, and Go. Poker, Scrabble, and bridge. These seven games, ancient and modern, fascinate millions of people worldwide. In *Seven Games*, Oliver Roeder charts their origins and historical importance, the delightful arcana of their rules, and the ways their design makes them pleasurable. Roeder introduces thrilling competitors, such as evangelical minister Marion Tinsley, who across forty years lost only three games of checkers; Shusai, the Master, the last Go champion of imperial Japan, defending tradition against “modern rationalism”; and an IBM engineer who created a backgammon program so capable at self-learning that NASA used it on the space shuttle. He delves into the history and lore of each game: backgammon boards in ancient Egypt, the Indian origins of chess, how certain shells from a particular beach in Japan make the finest white Go stones. Beyond the cultural and personal stories, Roeder explores why games, seemingly trivial pastimes, speak so deeply to the human soul. He introduces an early philosopher of games, the aptly named Bernard Suits, and visits an Oxford cosmologist who has perfected a computer that can effectively play bridge, a game as complicated as human language itself. Throughout, Roeder tells the compelling story of how humans, pursuing scientific glory and competitive advantage, have invented AI programs better than any human player, and what that means for the games—and for us. Funny, fascinating, and profound, *Seven Games* is a story of obsession, psychology, history, and how play makes us human.

The Antisocial Network

The GameStop Short Squeeze and the Ragtag Group of Amateur Traders That Brought Wall Street to Its Knees *Grand Central Publishing*

Named a Best Book of the Year by New York Post! From one of our most innovative and celebrated authors, the definitive take on the wildest story of the year—the David-vs.-Goliath GameStop short squeeze, a tale of fortunes won and lost overnight that may end up changing Wall Street forever. Bestselling author Ben Mezrich offers a gripping, beat-by-beat account of how a loosely affiliate group of private investors and internet trolls on a subreddit called WallStreetBets took down one of the biggest hedge funds on Wall Street, firing the first shot in a revolution that threatens to upend the establishment. It’s the story of financial titans like Gabe Plotkin of hedge fund Melvin Capital, one of the most respected and staid funds on the Street, billionaires like Elon Musk, Steve Cohen, Mark Cuban, Robinhood co-CEOs Vlad Tenev and Baiju Bhatt, and Ken Griffin of Citadel Securities. Over the course of four incredible days, each in

their own way must reckon with a formidable force they barely understand, let alone saw coming: everyday men and women on WallStreetBets like nurse Kim Campbell, college student Jeremy Poe, and the enigmatic Keith “RoaringKitty” Gill, whose unfiltered livestream videos captivated a new generation of stock market enthusiasts. The unlikely focus of the battle: GameStop, a flailing brick-and-mortar dinosaur catering to teenagers and outsiders that had somehow held on as the world rapidly moved online. At first, WallStreetBets was a joke—a meme-filled, freewheeling place to share shoot-the-moon investment tips, laugh about big losses, and post diamond hand emojis. Until some members noticed an opportunity in GameStop—and rode a rocket ship to tens of millions of dollars in earnings overnight. In thrilling, pulse-pounding prose, *THE ANTISOCIAL NETWORK* offers a fascinating, never-before-seen glimpse at the outsize personalities, dizzying swings, corporate drama, and underestimated American heroes and heroines who captivated the nation during one of the most volatile weeks in financial history. It’s the amazing story of what just happened—and where we go from here.
