Perspective Taking in Language | Frontiers Research Topic

Perspective-taking is the act of perceiving a situation or
 understanding a concept from an alternative point of view, such
 as that of another individual. There is a vast amount of scientific
 literature that has looked at perspective-taking and suggests that
 it is crucial to human development, and that it may lead to a
 variety of beneficial outcomes. Perspective-taking is related to
 other theories and concepts including theory of mind and
 empathy. Both theory and research have suggested ages when

Perspective-taking - Wikipedia

Language is an inherently social behavior. In this paper, we bring
 together two research areas that typically occupy distinct
 sections of the literature: perspective taking in spatial language
 (whether people represent a scene from their own or a different
 spatial perspective), and perspective taking in action language
 (the extent to which they simulate an action as though they were
 performing ...
