The Art of Asking

How I Learned to Stop Worrying and Let People Help *Grand Central Publishing*

FOREWORD BY BRENE BROWN and POSTSCRIPT FROM BRAIN PICKINGS CREATOR MARIA POPOVA. Rock star, crowdfunding pioneer, and TED speaker Amanda Palmer knows all about asking. Performing as a living statue in a wedding dress, she wordlessly asked thousands of passersby for their dollars. When she became a singer, songwriter, and musician, she was not afraid to ask her audience to support her as she surfed the crowd (and slept on their couches while touring). And when she left her record label to strike out on her own, she asked her fans to support her in making an album, leading to the world's most successful music Kickstarter. Even while Amanda is both celebrated and attacked for her fearlessness in asking for help, she finds that there are important things she cannot ask for—as a musician, as a friend, and as a wife. She learns that she isn't alone in this, that so many people are afraid to ask for help, and it paralyzes their lives and relationships. In this groundbreaking book, she explores these barriers in her own life and in the lives of those around her, and discovers the emotional, philosophical, and practical aspects of THE ART OF ASKING. Part manifesto, part revelation, this is the story of an artist struggling with the new rules of exchange in the twenty-first century, both on and off the Internet. THE ART OF ASKING will inspire readers to rethink their own ideas about asking, giving, art, and love.

How I Learned to Hate in Ohio

A Novel Abrams

A brilliant, hilarious, and ultimately devastating debut novel about how racial discord grows in America. In late-1980s rural Ohio, bright but mostly friendless Barry Nadler begins his freshman year of high school with the goal of going unnoticed as much as possible. But his world is upended by the arrival of Gurbaksh, Gary for short, a Sikh teenager who moves to his small town and instantly befriends Barry and, in Gatsby-esque fashion, pulls him into a series of increasingly unlikely adventures. As their friendship deepens, Barry's world begins to unravel, and his classmates and neighbors react to the presence of a family so different from theirs. Through darkly comic and bitingly intelligent asides and wry observations, Barry reveals how the seeds of xenophobia and racism find fertile soil in this insular community, and in an easy, graceless, unintentional slide, tragedy unfolds. *How I Learned to Hate in Ohio* shines an uncomfortable light on the roots of white middle-American discontent and the beginnings of the current cultural war. It is at once bracingly funny, dark, and surprisingly moving, an undeniably resonant debut novel for our divided world.

Permission to Screw Up**How I Learned to Lead by Doing (Almost) Everything Wrong Penguin**

The inspiring, unlikely, laugh-out-loud story of how one woman learned to lead—and how she ultimately succeeded, not despite her many mistakes, but because of them. This is the story of how Kristen Hadeed built Student Maid, a cleaning company where people are happy, loyal, productive, and empowered, even while they're mopping floors and scrubbing toilets. It's the story of how she went from being an almost comically inept leader to a sought-after CEO who teaches others how to lead. Hadeed unintentionally launched Student Maid while attending college ten years ago. Since then, Student Maid has employed hundreds of students and is widely recognized for its industry-leading retention rate and its culture of trust and accountability. But Kristen and her company were no overnight sensation. In fact, they were almost nothing at all. Along the way, Kristen got it wrong almost as often as she got it right. Giving out hugs instead of feedback, fixing errors instead of enforcing accountability, and hosting parties instead of cultivating meaningful relationships were just a few of her many mistakes. But Kristen's willingness to admit and learn from those mistakes helped her give her people the chance to learn from their own screwups too. *Permission to Screw Up* dismisses the idea that leaders and organizations should try to be perfect. It encourages people of all ages to go for it and learn to lead by acting, rather than waiting or thinking. Through a brutally honest and often hilarious account of her own struggles, Kristen encourages us to embrace our failures and proves that we'll be better leaders when we do.

Learning to Improve**How America's Schools Can Get Better at Getting Better Harvard Education Press**

As a field, education has largely failed to learn from experience. Time after time, promising education reforms fall short of their goals and are abandoned as other promising ideas take their place. In *Learning to Improve*, the authors argue for a new approach. Rather than "implementing

fast and learning slow," they believe educators should adopt a more rigorous approach to improvement that allows the field to "learn fast to implement well." Using ideas borrowed from improvement science, the authors show how a process of disciplined inquiry can be combined with the use of networks to identify, adapt, and successfully scale up promising interventions in education. Organized around six core principles, the book shows how "networked improvement communities" can bring together researchers and practitioners to accelerate learning in key areas of education. Examples include efforts to address the high rates of failure among students in community college remedial math courses and strategies for improving feedback to novice teachers. *Learning to Improve* offers a new paradigm for research and development in education that promises to be a powerful driver of improvement for the nation's schools and colleges.

The Biggest Bluff**How I Learned to Pay Attention, Master Myself, and Win Penguin**

The New York Times bestseller! A New York Times Notable Book "The tale of how Konnikova followed a story about poker players and wound up becoming a story herself will have you riveted, first as you learn about her big winnings, and then as she conveys the lessons she learned both about human nature and herself." —The Washington Post It's true that Maria Konnikova had never actually played poker before and didn't even know the rules when she approached Erik Seidel, Poker Hall of Fame inductee and winner of tens of millions of dollars in earnings, and convinced him to be her mentor. But she knew her man: a famously thoughtful and broad-minded player, he was intrigued by her pitch that she wasn't interested in making money so much as learning about life. She had faced a stretch of personal bad luck, and her reflections on the role of chance had led her to a giant of game theory, who pointed her to poker as the ultimate master class in learning to distinguish between what can be controlled and what can't. And she certainly brought something to the table, including a Ph.D. in psychology and an acclaimed and growing body of work on human behavior and how to hack it. So Seidel was in, and soon she was down the rabbit hole with him, into the wild, fiercely competitive, overwhelmingly masculine world of high-stakes Texas Hold'em, their initial end point the following year's World Series of Poker. But then something extraordinary happened. Under Seidel's guidance, Konnikova did have many epiphanies about life that derived from her new pursuit, including how to better read, not just her opponents but far more importantly herself; how to identify what tilted her into an emotional state that got in the way of good decisions; and how to get to a place where she could accept luck for what it was, and what it wasn't. But she also began to win. And win. In a little over a year, she began making earnest money from tournaments, ultimately totaling hundreds of thousands of dollars. She won a major title, got a sponsor, and got used to being on television, and to headlines like "How one writer's book deal turned her into a professional poker player." She even learned to like Las Vegas. But in the end, Maria Konnikova is a writer and student of human behavior, and ultimately the point was to render her incredible journey into a container for its invaluable lessons. The biggest bluff of all, she learned, is that skill is enough. Bad cards will come our way, but keeping our focus on how we play them and not on the outcome will keep us moving through many a dark patch, until the luck once again breaks our way.

Daring to Drive**A Saudi Woman's Awakening** *Simon and Schuster*

This is a memoir about living, loving, dreaming, daring, and driving while female -- in a country where it's dangerous to do all of the above. Manal al-Sharif grew up in Mecca the second daughter of a taxi driver, born the year strict fundamentalism took hold. In her adolescence, she was religious radical, melting her brother's boy band CDs in the oven because music was haram: forbidden by Islamic law. But what a difference an education can make. By her twenties, she was a computer security engineer, one of a few women working in a desert compound built to resemble suburban

America. That's when the Saudi kingdom's contradictions became too much to bear: she was labeled a slut for chatting with male colleagues, her school-age brother chaperoned her on a business trip, and while she kept a car in her garage, she was forbidden from driving on Saudi streets. Manal-al-Sharif has written a memoir about the making of an accidental activist, a story of a young Muslim woman who stood up to a kingdom of men -- and won.

Can't Hurt Me

Master Your Mind and Defy the Odds - Clean Edition *David Goggins*

New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare - poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a

depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him The Fittest (Real) Man in America. In this curse-word-free edition of Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

The Book of Unknown Americans

A novel *Vintage*

"Illuminate[s] the lives behind the current debates about Latino immigration." —The New York Times Book Review When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henríquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. The Book of Unknown Americans is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American. Named a New York Times and Washington Post Notable Book, an NPR Great Read, The Daily Beast's Novel of the Year, and a Mother Jones, Oprah.com, School Library Journal, and BookPage Best Book of the Year

How I Learned to Meditate

Eurydice *Theatre Communications Group*

"Eurydice is a luminous retelling of the Orpheus myth from his beloved wife's point of view. Watching it, we enter a singular, surreal world, as lush and limpid as a dream—an anxiety dream of love and loss—where both author and audience swim in the magical, sometimes menacing, and always thrilling flow of the unconscious... Ruhl's theatrical voice is reticent and daring, accurate and outlandish." —John Lahr, New Yorker A reimagining of the classic myth of Orpheus through the eyes of its heroine. Dying too young on her wedding day, Eurydice journeys to the underworld, where she reunites with her beloved father and struggles to recover lost memories of her husband and the world she left behind.

Don Juan Comes Home from Iraq

A powerful, harrowing new play from the Pulitzer Prize-winning author of How I Learned to Drive.

Wheel Within a Wheel *Applewood Books*

Published originally in 1895, this classic by Frances Willard, the founder of the WCTU and well-known suffragette, gives insight into both the profound impact of the bicycle at the turn of the century and the new freedom it gave to women in America.
