Cross-Cultural Management - YouTube

Cross-cultural management is the study of management in a cross-cultural context. It includes the study of the influence of societal culture on managers and management practice as well as the study of the cultural orientations of individual managers and organization members. At the individual level, individuals' values as well as their understanding of and reactions to their cultural context and experience figure prominently.

Cross-Cultural Management - Management - Oxford Bibliographies

The cultures of the East and the West each offer project managers a different approach towards practicing project management. This paper examines how project managers can integrate these two approaches to develop an orientation that leverages each approach's advantages. In doing so, it identifies the critical differences between Western and Chinese cultures and approaches to thinking.

Cross-Cultural Project Manager Between East and West ...

In this context, cross-cultural teams have three crucial advantages: 1. Greater insight into markets:

Intimate familiarity with a given culture and its consumption patterns yields deeper consumer insights. A culturally diverse team is more likely to have superior knowledge of the political and social idiosyncrasies of different foreign markets.
