This is a required reading for my Sociology class, so I'm glad I was able to get it very cheaply. If I were to nitpick on one thing, it's that the book is not quite in the "very good" condition that I would think that it should be - the right hand corners are bent out a little parts of the cover are chipped, a little bit of the bottom right hand pages seem a little stained, things like that.

I absolutely would not recommend this book for sociology, there are far better books available.
